VOL. 56—NO. 176 JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, JULY 12, 1922 TWELVE PAGES—THREE CENTS

PROCLAMATION ISSUED BY PRESIDENT

MUST REFRAIN FROM INTERFERENCE WITH ALL U. S. MAIL TRAINS

Cooperation With All State and Municipal Authorities to Keep Trains Moving is Asked—Men Willing to Go to Work Must Have Same Right as Those Who Decline

(By The Associated Press)

WASHINGTON, July 11.—President Harding, in a proclamation issued at the white house late tonight directed "all persons to refrain from all interference with the lawful efforts to maintain interstate transportatioon and the carrying of the United States mails."

In the proclamation, which was issued after a day in which continued reports had reached the postoffice of interference by railroad strikers with mail trains, the president invited the co-operation of all public authorities, state and municipal, and the "aid of all good citizens" to uphold the laws and to "facilitate those operations in safety which are essential to life and liberty, and the security of property and our common public welfare."

The peaceful settlement of controversies between shopcraft employes and carriers, it was stated, "in accordance with law and due respect for the established agencies for such settlement, are essential to the security and well being of our people."

The president took the position that men willing to maintain the operation of railroad trains in order to transport mail have the "same indisputable right to work that others have to decine to work."

President Harding was occupied thruout the evening with the preparation of the proclamation delaying his dinner one hour to go over the first transcript. He returnedto executive offices after dinner and remained there until the proclamation was made public about 10:40 p. m.

The text of the proclamation follows:

"A PROCLAMATION:

"Whereas, the United States Railroad Labor Board is an agency of the government, created by law and charged with the duty of adjusting disputes between railroad operators and employes engaged in interstate commerce; and,

"Whereas, the United States Railroad Labor Board has recently handed down decisions one affecting the wage of the shop craft employes, the other declaring the contract system of shop craft work with outside agencies to be contrary to the intent of the transportation act, and, therefore, that such practice must be discontinued; and,

"Whereas, the shop craft employes have elected to discontinue their work, rather than abide by the decision rendered and certain operators have ignored the decision ordering the abandonment of the contract shop practice; and,

"Whereas, the peaceful settlement of controversies in accordance with law and due respect for the established agencies of such settlement are essential to the security and well-being of our people;

"Now, therefore, I Warren G. Harding, president of the United States do hereby make proclamation directing all persons to refrain from all interference with lawful efforts to maintain interstate transportation and carrying of the United States mails.

These activities and the maintained supremacy of the law are the first obligation of the government and all the citizenship of our country. Therefore, I invite the co-operation of all public authorities, state and municipal, and the aid of all good citizens to uphold and to preserve the public peace, and to facilitate those operations in safety which are essential to life and liberty, and the security of property and our common public welfare.

"In witness whereof, I have here unto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this eleventh day of July, in the year of Our Lord, one thousand, nine hundred and twenty two, and of the independence of the United States, the one hundred forty seventh.

"Warren G. Harding."

(By the President) "Charles E. Hughes, secretary of state.

STRIKERS WORK WITH TROOPS TO PREVENT TROUBLE

Order Pickets to Help Soldiers in Breaking Up Crowds

(By The Associated Press)

BLOOMINGTON, Ill., July 11—Chicago and Alton railway engineers, firemen, trainmen and conductors, members of the four big brotherhoods, voted this afternoon not to enter the railroad yards or shops as long as state troops are guard there.

Union officials ordered their men to keep the mail trains running, but all other passenger service and all freight service trains will be halted, unless the railroad can deliver the equipment to the men outside the troop zone.

Clerks employed in the yards and at the depot walked out last night, refusing to work under protection of the troops.

While the four brotherhoods were acting today the striking shopmen moved to avert possible disorder abou the shops by urging their members to stay away, limiting the pickets to two to a post and instructing the pickets to help break up crowds.

The pickets were specially instructed to prevent crowds of young boys gathering along the soldier's sentry lines to jeer the guardsmen.

The day passed quietly at the shops. Nearly 100 non-union workers arrived from Chicago early this morning and began preparing trains and engines to take the road.

Considerable resentment was expressed among the strike pickets today because the trainmen hauled the strike breakers from Chicago to Bloomington.

A rumor that union men are planning to march in a body to the city hall and county building to petition Sheriff Morrison and Mayor Edward E. Jones to use their influence to get the troops recalled, caused a flurry of excitement at noon. There were hints that the mayor and sheriff would be "run out of town" if they did not comply.

Summons Deputies

Sheriff Morrison dispatched a deputy to a luncheon of the Young Business Men's Club at a downtown hotel ordered seventy of the members who had been sworn in as special deputies to report to the courthouse at once. They were held in readiness all afternoon, but no trouble developed.

Only two shots were fired at the shops during the day, and both were traced to accidental discharge of sentinel's rifles. An official report by Colonel Culbertson to adjutant general Carlos Black that only four shots were fired last night brought conflicting stories from a half dozen independent sources and resulted in seven citizens living near the shops sending a telegram to the

CAT BITE CAUSES SERIOUS ILLNESS

PEORIA, Ill., July 11.—Howard Towsley, director of a Y. M. C. A., boys' camp on the Mackinaw river near here, is in a serious condition at his home here as the result of being bitten by a stray cat at the camp. The cat is believed to have lived in the woods so long that it became partially wild.

PRESIDENT URGES UTMOST ECUNOMY IN EXPENDITURES

Asks Heads of Departments to Use Pruning Knife Liberally

(By The Associated Press)

WASHINGTON, July 11.—Administrative officers of the executive establishments of the government who were assembled today for their third semi-annual business meeting were called upon by President Harding for "the utmost economy" of expenditure during the current fiscal year and the use of their "pruning knives" upon the estimates for the succeeding 12 months.

The president further urged economy by federal officials as an example for the states and municipalities whose mounting debts he described as a "menace" unequalled in America today.

Referring to the operations of the budget bureau during the fiscal year just ended, during which withdrawals from the treasury were reduced by $759,000,000 from the earlier estimated total of $4,554,000,000 as "a record of real achievement," de declared that prospective net deficit of $265,000,000 for the present current year is "a challenge to us all." Receipts for the current year, he stated, were estimated at $3,074,000,000, while expenditures were placed at $3,771,000,000, an apparent excess of expenditure amounting to $697000,000 but offset to the amount of $272,000,000 by the general balance in the treasury on June 30.

Experience of the past year the president continued, has demonstrated that there need be no undue concern over prospective deficit.

Warning against deficiency estimates was sounded by the president, who declared that officials would be held strictly to account for observance of the policy against such demands upon congress, which in the past fiscal year in deficiency and supplemental estimates submitted amounted to $661,000,000.

For the fiscal year 1924, the president announced, receipts are estimated at $3,198,000,000 or approximately $600,000,000 less than authorized expenditures for the current fiscal year.

President Harding paid a glowing tribulte to Brigadier General Charles G. Dawes of Chicago, the first director of the budget.

"I know," he said "how deeply you all regret the going of that charming, fascinating personality who led in the institution of the budget system."

He pledged to Brigadier General Lord, the new director, the same "wholehearted support," he had given Director Dawes.

STRIKE ALSO HITS TURKISH HAREMS

(By The Associated Press)

CONSTANTINOPLE, July 11.—Constantinople harem attendants have gone on a strike for more money and shorter hours. Many of the capital's finest harems have been left unguarded, and their owners are trying diractedly to find suitable substitutes for the strikers. Numbers of Russian refugees have volunteered their services, but it was found they were not fitted for the job.

The strikers insist that their "24 hour day" and the unceasing vigil they are required to keep on the women of the harems justify better remuneration, especially as has been kept during the present hard times. Many of them protest that their wages have not been paid for more than a year and in several instances they have appealed to the American committee on relief in the near east for aid. The fact is that their masters, who in most cases are officials or employes of the government have not drawn any salaries for months.

SUMMONED BY NEWS OF SISTER'S DEATH

G. H. Hardy of 729 Bedwell street left yesterday for Norris City, having been summoned there on account of the death of his sister, Mrs. Elsie Sloth. The funeral is to be held this afternoon.

HOGS SOLD AT HIGH PRICE

A remarkable price, that topped the market for the day at St. Louis and was ten cents higher than the top in Chicago, was obtained by C. H. Obertate, a farmer and stock raiser of this county. He raised a load of hogs that averaged 174 pounds and sold at $11.05, according to the Daily Live Stock Reporter, St. Louis.

Take Steps for the Withdrawal of Troops

(By The Associated Press)

BLOOMINGTON, July 11—Reestablishment of civil government in Bloomington will be undertaken immediately by county and city authorities under a promise from the state that all troops will be withdrawn as soon as Sheriff "Jake" Morrison has recruited enough deputies to handle the situation.

Colonel A. L. Culbertson, commanding the five companies of national guardsmen on duty at the Chicago and Alton shops, conferred with the sheriff and mayor Edward E. Jones tonight and they agreed to make an effort to re-establish their authority.

Members of the four big brotherhoods, engineeers, firemen, trainmen and conductors, voted this afternoon to refuse to enter the yards to take out trains as long as the soldiers are on duty there. They voted to operate only mail Trains, unless the equipment was delivered to them outside the shop district.

Tonight their executive officers held a meeting to reconsider the action but adjourned at midnight to meet again tomorrow.

Up until midnight no trouble had been reported from the shops or the depot district, where the guardsmen are on duty. Shortly after 8 o'clock a number of shots were fired a quarter of a mile west of the depot, but by whom could not be learned. None of the bullets came near the guard camp at the station.

About 800 people gathered at the Seminary avenue entrance to the shops during the evening and approximately 150 at the Empire street entrance, on the west. More than half of the onlookers were women and children.

RUMORED THAT ELMER DOVER HAS RESIGNED

No Official Information Has Been Received by Department

(By The Associated Press)

WASHINGTON, July 11—President Harding was understood tonight to have under consideration the resignation of Elmer Dover of Tacoma, Wash., and formerly of Ohio, as assistant secretary of the treasury in charge of customs and internal revenue.

Information of the resignation of Mr. Dover was received at the capitol today from treasury sources, but official confirmation or denial of the report was wholly lacking.

At the treasury, it was said that Secretary Mellon had no statement to make and that the matter was one for Mr. Dover and the President. At the White House it was made known that President Harding had no comment to make at this time. Mr. Dover himself would neither confirm nor deny the report.

The resignation of Mr. Dover it was indicated, could be regarded as the culmination of his controversy with David H. Blair, commissioner of internal revenue, which has raged for several months over the proposed reorganization of the internal revenue bureau.

According to the opinion in administration circle Dover was named assistant Sec. of the Treasury by President Harding last December to re-organize the customs service and the revenue bureau. Reorganization of the customs service was effected by Mr. Dover early in the year but his plans for changes in the personnel of the revenue bureau ran counter to the administration ideas of commissioner Blair and Secretary Mellon. Friction, officially described as "disagreements as to the policy" reached its height recently when C. C. Childs of Ohio, and D. E. Sumner, of Iowa, supervisor of internal revenue collectors and deputy commissioner in charge of accounts respectively were dismissed thru the consolidation of their offices by Mr. Mellon upon recommendation of the tax simplification board, and Charles R. Nash, of Minneapolis was selected as deputy commissioner of accounts and collections.

RETURN TO HOME.

Mr. and Mrs. Frank Faley, little daughter, Frances Marie, and H. A. Faley, who have been visiting at the home of Mr. and Mrs. Ben Burdick of this city, returned yesterday to their home in Bloomington.

WEATHER

Illinois, Indiana and Missouri—Local thunder showers probable Wednesday and Thursday; not much change in temperature.

Wisconsin—Partly cloudy Wednesday and Thursday, possibly showers in south portion; not much change in temperature.

Iowa — Unsettled Wednesday and Thursday with probably showers; not much change in temperature.

MOTHER BELIEVES SON KIDNAPED AND SLAIN BY ENEMIES

Alleged to Have Been Accomplice in Slaying of Constable

(By The Associated Press)

PEORIA, Ill., July 11.—Fear that John Schorr, alleged accomplice of Rolla Spaulding, when Constable Art Smith was slain, June 12, has been kidnapped and killed, that his lips may be sealed, is the belief of Schorr's mother, following the voluntary surrender of Spaulding yesterday.

Schorr was kidnaped from his home June 30 and taken away in an automobile by a man believed to have been a member of Spaulding's gang. No trace of him has been found since. Last Saturday night George Smith, brother of the slain man received word that Spaulding, who is charged with the murder, had kidnapped Schorr and held him captive in a shack about eleven miles out of this city. Smith feared a plot and did not go.

Two identical letters one received by Chief of Police Charles Wilson and the other by Harry Pratt, attorney for Spaulding, purport to be a confession by Schorr of the killing of the constable. The letters signed by Schorr read: 'I am going away. I shot Arthur Smith. I had Spaulding's car. The accident happened on a place near Bradley Park. I got even with the police who beat me up. These are my finger prints." Lower half of the paper was smeared with finger prints which when examined proved to be those of Schorr.

Chief Wilson believes Schorr was forced to write and sign the letter and then killed or paid to leave the country. The letters were mailed from Mason City, Ill., and were received here July 1.

URGE PUNISHMENT OF THOSE GUILTY OF HERRIN CRIMES

Manufacturers Association Sends Statement to Members

(By The Associated Press)

CHICAGO, July 11.—Urging the punishment of the slayers of the non-union miners at Herrin, Ill., the Illinois Manufacturers' association tonight sent a statement to its members declaring that "justice cries for action by the authorities."

"Life and property and the right to work are unsafe in Williamson county, Ill., as evidenced by the massacre of nineteen defenseless men at Herrin by a mob of unionized mine workers," the statement said.

"We deplore the blot upon Illinois due to this exhibition of mob murder and violence. We regret that the sheriff of Williamson county took no steps to protect these unarmed, defenseless men, whose only crime was that they were digging coal to supply future nesds of consumers. We recommend to the board of supervisors and state's attorney of Williamson county and to Governor Small, Attorney General Brundage and the entire state administration that they spare no efforts to bring to justice the murderers and rioters in Williamson county and that they give thoughtful consideration to the words of President Harding when he said in his July 4 speech:

"'Liberty is gone in America when any man is denied by anybody the right to work and live by that work. A free American has the right to labor without any other's leave.'"

TARIFF OF THREE CENTS PLACED ON COTTON SEED OIL

Also Put Duty on Peanut, Soya Bean and Cocoanut Oil

(By The Associated Press)

WASHINGTON, July 11.—The Republican agricultural tariff bloc got another setback today in the senate, losing 33 to 24, its fight to make dutiable imported vegetable ails used in the manufacture of non-edible products. The senate then, without a roll call, approved rates of three cents a pound on cotton seed oil and soya bean oil and four cents a pound on cocoanut oil and peanut oil, where such oils enter into the manufacture of edible commodities.

The bloc did not vote as a unit on the proposition to remove the provision allowing free entry of vegetable oils for industrial purposes, but the defection within its ranks was more than made up by support from the Democrats, eight of them voting to eliminate the provision. They were Ashurst, Broussard, Harris, Heflin, Jones of New Mexico, Kendrick, Ransdell and Sheppard.

Senator Edge, Republican, New Jersey, served notice in the senate that unless the flexible tariff provision was retained in the tariff bill he would not vote for it. He stressed that he wanted authority given for a downward as well as an upward revision of the rates.

Once the senate got into the vegetable oil fight the flood gates of oratory swung wide and no amendments were disposed of until late in the day. Apparently worn out almost by the five hours discussion of this one item, the senate disposed of nearly a score of rates within an hour. They included beans, green or dried, two cents a pound, house rate 1¾ cents; in brine, prepared or preserved, 2½ cents a pound, house rate, 2 cents. Peas, green or dried, 1 cent a pound, house rate ¾ cent, split 1¼ cents, house rate 1 cent. Pecans, unshelled, 3 cents a pound, house rate 1 cent; shelled, 6 cents a pound, house rate 2 cents.

Hop extract $2.40 a pound, house rate $1.50; lupulin 75 cents; house rate, same.

Hay, $4 a ton, house rate the same; straw $1.50 a ton, house rate $1; broom corn, free list, house rate $2, a ton.

Mushrooms, 45 per cent ad valorem, a reduction of 10 per cent in the original committee rate; house rate 33 1-3 per sent on American valuation. Garden seeds, beets, (except sugar), four cents a pound, house rate 1 cent; cabbage, 8 cents a pound, house rate 12 cents; onions, 10 cents a pound, house rate, 20 cents.

Curry and curry powder, free list, house rate 2 cents a pound. Mixed spices, 25 per cent ad valorem, house rate 2$ per cent on American valuation.

WILL SEEK PRIORITY ORDERS ON COAL

(By The Associated Press)

ST. PAUL, Minn., July 11.—Governor J. O. Prues left here tonight for Washington where he will make representations to the government this week for priority orders for the shipment of coal to the head of the lakes in order to circumvent the fuel famine which threatens the northwest.

Governor Prues expressed the belief that the northwest is entitled to priority orders similar to those in the past, because of the comparatively short period this section has in which to receive its fuel supply via the lakes.

Supplies of free coal on Duluth and Superior docks are fast approaching the vanishing stage, it was said.

CHICAGO ROTARIANS ASK FOR WATERWAY

(By The Associated Press)

CHICAGO, July 11.—The immediate constructon of the connecting link between Chicago and the Illinois river as necessary to the commercial and agricultural prosperity of Illinois, was urged today by the Chicago Rotary club.

Resolutions adopted declared that Illinois agriculture, manufacturing and commerce suffer from excessive freight rates and insufficient transportation and that the loss thereby involved amounts to millions of dollars every year.

As a remedy, Governor Small was urged to complete the waterway improvement between Utica and Joliet.

OFFICIALS OF BIG FOUR BROTHERHOODS TO MEET RAIL HEADS

Engineers, Firemen, Trainmen and Conductors at Bloomington Vote Not to Enter the Shops or the Yards as Long as Troops Are There—Overtures Are Now Being Made

(By The Associated Press)

CHICAGO, July 11.—With state troops and United States deputy marshals on guard in half a dozen states to avert violence and prevent interference with the movement of the mails or interstate commerce, leaders of the "big four" railroad brotherhoods and railway executives were hurrying to Chicago tonight to confer tomorrow on issues growing out of the shopmen's strike.

At Bloomington, Ill., where state troops have been guarding the Chicago & Alton railway shops, engineers, firemen, trainmen and conductors, members of the four big brotherhoods, voted today not to enter the shops or yards as long as troops are stationed there. The matter of working with guards and state troops on duty is one of the matters to which the "big four" chiefs object.

Another issue to be discussed will be the alleged insistence of the carriers that members of the big four do work regularly assigned to the crafts now on strike. The United States railroad labor board last week rendered an opinion that the members of one craft of workmen were not required to do the work of another union whose members were on strike unless they did so voluntarily.

Members of the big four unions have also protested that rolling stock has not been kept in condition since the strike of shopmen, engineers claiming that engines with defective brakes, headlights and air equipment had been turned over to them.

A rift in the strike clouds appeared today with the annuncement of D. W. Helt, president of the Brotherhood of Railroad Signal Men, that his 14,000 members would not strike at this time but expected to open new negotiations with the individual carriers regarding their grievances. If unable to reach an agreement the entire matter will be referred to the railroad labor board, he said.

The shop crafts leaders assumed a more hopeful attitude today with receipt of advices that, all told, eighteen railroads had made conciliatory expressions looking toward a settlement of the strike and that some were already conferring with the system federation committees.

No settlement will be made, however, except on a national basis, the union heads insisted.

Negotiations have progressed so far on the Northern Pacific and the Great Northern that R. A. Henning, chairman of the strikers' committee at St. Paul, Minn., came to Chicago today to confer with President B. M. Jewell and other federation officers. No definite conclusion was reached, it was said.

Overtures to the local strike committees have been forthcoming from several roads since the beginning of the strike, it was learned today. The committees have held fast, however, and while listening to all proposals, refused to enter into any system agreement.

Little violence was reported today although troops and guards remained vigilant. At Bloomington an attempt was being made by strikers to have state troops recalled following an exchange of shots between guards and snipers last night. Two hundred Kansas national guards were sent to Herrington, Kans., to guard the Rock Island shops. Additional deputy marshals were sworn in here to protect the Chicago and Northwestern shop employes and two companies of state troops were sent to New Franklin, Mo., to protect workmen on the M. K. and T., road. Minor clashes between workers and strike sympathizers were reported from several points.

Postmaster General Work has asked all postmasters to report to their local superintendents of the railway mail service any interference with the movement of the mails. At Youngstown, O., the Baltimore and Ohio railroad company obtained a temporary injunction restraining interference with the company's shops and yards while a similar injunction was obtained by the same road to protect the road's property and employes at East St. Louis and Flora.

Part of the clerks on the Norfolk and Western railroad struck following authorization from national headquarters. Several of the roads annulled trains, the Wabash railroad announcing 54 trains annulled.

Sister M. Felicia of Our Savior's hospital, whose serious illness has been mentioned before, is now somewhat improved.

ALIEN PROPERTY UNDER PROBE BY WAR FRAUD JURY

Former Custodian Appeared Before That Body Monday

(By The Associated Press)

WASHINGTON, July 11—Appearance today of Francis P. Garvan, former alien property custodian and now head of the Chemical foundation, inc., before the special war frauds grand jury was said in official circles to have inaugurated a sweeping inquiry into every act of the custodian's office from its inception.

It was emphasized by the same officials that the investigation was designed primarily to establish finally the legality of the custodian's acts and to remove any ground for continued criticism levelled at the office, if such criticism has been unjustified.

Formal assurance that "every American interest in the dye patents sold by the alien property custodian in 1919 to the Chemical foundation, will be protected by the government, was made today by Attorney General Daugherty, who denied that any person connected with the department of justice had had any communication with German interests or individuals regarding recovery of the patents.

His statement was interpreted as having reference to charges made by Francis P. Garvin—who handled the sale as the then custodian, subsequently assuming the presidency of the foundation—to the effect that the demand for return of title to the patents had been actuated by German influence.

Mr. Garvan appeared today in response to a subpoena, and turned over to that body the records of the foundation. He said later arrangements had been maoe to permit inspection of the books by representatives of the department of justice.

Prior to going before the grand jury Mr. Garvan said he refused a demand of assistant attorney General Crum for permission to inspect the books on the ground that he would not open them to "Germanic influences."

RETURN FROM AUTO TRIP TO WISCONSIN

Mr. and Mrs. C. F. Ehnie and party returned last night from a very enjoyable automobile trip into Wisconsin. The itinerary took them to Chicago, Milwaukee and then to a number of Wisconsin resorts, the journey covering about two weeks' time. With Mr. and Mrs. Ehnie were Mrs. Ehnie's sister, Mrs. M. E. Leavens, Miss Grace Gillham and J. C. Gillham. Ross Deppe accompanied the travelers as chauffeur.

In times of strikes there is probably little advantage in making comment one way or another. Often comment but adds fuel to the flame at a time when the judgment of men is not normal, at a time when it is easy to inflame. But here is a sentiment expressed by Oscar Ameringer in the Illinois Miner, to which every good citizen can subscribe:

"And fools they are, be they ruler, savant or laboring man, who seek by force what only creative thought can give."

President Harding recognizes the values that are material and those that are of a spiritual kind. Recently he gave his friends in his home city of Marion his sentiment, at once practical and lofty:

"Let Marion observe every good lesson of the yesterdays and resolve to go on, adding to the stride in industry and commerce, and determine that every enlargement in material growth shall reflect larger progress in the finer attainments which make a community worth while.

"The fit counterpart in the city of material success is the city of happy homes, ample education, fortunate and profitable employment, worship of God facilitated, a civic conscience, and a community soul."

THE OIL PROSPECT.

Morgan county has another prospect for the development of an oil field. Eleven years ago another such prospect was presented and in a few months was no more. There were indications at that time which seemed to justify a more thoro exploitation, but the men who were putting in the money decreed otherwise and the "rigs" were moved to other fields where the prospects were more alluring.

The indications are very strong that the test this time will be much more thoro than in the other instances. Operators with ample capital are here and declare their intention of sinking wells deep enough to give proof as to the quantity in which oil occurs hereabouts.

Here's hoping that the deep well makes a showing that will justify the drilling of other deep ones. The development of an oil field would mean millions for the people of Morgan county, and taken together with the advantages that already exist would make this a wonderful business area.

SOME THINGS A SCAB WON'T DO

The following lines under the above caption were submitted for publication by a local committee of C., P. & St. L., shopmen:

No Scab would write back home and say,
"Dear Mother, I am scabbing,
I'm working here in a vile bullpen
At the only job worth grabbing;
I work, eat, sleep here on the job,
Am penned in like a crook,
And have armed guards protecting me
From the men whose jobs I took."

Nor would he write to Molly Dun
And say, "My Molly dear,
I want to prove myself a man,
And that is why I'm here.
I'm praying for the day to come
When you and I shall wed;
I know, dear, you'll agree with me,
'Tis best to scab for bread."
Nor would he take his little kids
And place them on his knee,
And tell with pride of the time he scabbed
On the men who would be free.

But the man who fights for his union cause
May tell with the keenest pride,
His dear old mother 'way back home,
Or the girl he would make his bride,
Exactly what his pursuit is,
He has no cause for shame,
And the kiddies, too, are glad to hear
Of the days when dad was game.

PLEASANT EVENT AT WINCHESTER HOME

Misses Blanche and Nell Smith Entertain Friends at Dinner—Other Winchester News.

WINCHESTER, July 11—Misses Blanche and Nell Smith entertained a number of friends at 6 o'clock dinner Tuesday evening. A delicious menu was served and a pleasant social time spent afterward.

Mrs. Charles Condit, who has been at Our Saviour's hospital in Jacksonville the past two weeks, as the result of an infected foot, is slowly improving.

Harry Lashmet arrived home Tuesday from Rockford for a visit with his mother.

Paul Metzger is suffering from an infected finger and it is necessary for him to carry the injured member in a sling.

Mr. and Mrs. John Ritter and Mrs. Carl Ritter of Bluffs were visitors here Tuesday.

Mr. and Mrs. C. N. Priest and daughter, Miss Eula, of Jacksonville were Tuesday guests at the home of Mr and Mrs. Thomas Kirkman on South Main street.

Misses Barbara and Mary Owings left Tuesday for Salt Lake City to enjoy their vacation.

RETURN FROM EAST

W. E. Hall and his daughter, Miss Rachel Hall, who was given her degree at Wellesley a few weeks since, have returned to Jacksonville. Following the Wellesley commencement, Mr. Hall and his daughter and Miss Frances Griswold spent a number of weeks in the east. They made an ocean voyage from Boston to Portland and a river trip from Albany to New York.

Some time was spent at Old Orchard, Me., and various points of interest in the east were visited.

From Chicago Miss Griswold went to Leland, Mich., to be a guest of Miss Sarah Russel during the remaining weeks of July.

The eastern trip was given Miss Griswold by her parents, Dr. and Mrs. H. L. Griswold, because of her excellent record in the high school.

Miss Anna Hines has returned to Decatur after a visit with her sister, Misses Catherine and Josie Hines of this city.

Russell Fisher of Springfield journeyed to the city yesterday.

FUNERAL SERVICES HELD FOR MRS. BLACKBURN

Large Company Present For Last Rites In Memory of Long Time Resident.

Funeral services in memory of the late Mrs. Sarah J. Blackburn were held Tuesday afternoon. Prayer was offered at the residence, 283 Sandusky street, by Rev. F. E. Bracewell, and then the cortege moved to Ebenezer church, four miles northwest of the city. There a large company of relatives and friends gathered to pay honors to the memory of Mrs. Blackburn, who thru more than fifty years had taken an active part in the affairs of the church.

Rev. Mr. Bracewell read several passages of scripture and offered a prayer. Dr. J. R Harker, for many years an intimate friend of the Blackburn family, read an obituary notice and then gave the funeral discourse from the familiar scripture, "Let not your heart be troubled." The minister closed with a prayer.

A quartet including Mrs. James Martin, Mrs. Clyde Black, Messrs. Edward Williamson and C. A. Rowe and Mrs Ralph Ford at the organ sang several hymns.

Dr. Harker said that often in life that the things are that are superficial and perhaps seemingly important, are all wrong. There are foreboding conditions if one chooses to consider them as such. But after all, these are but surface things, those near at hand, and with the eyes of faith we may know that those things that are really worth while, those things that count, are not disturbed by those superficial influences.

"Looked at merely from the surface indications often life seems full of tragedy but to those who live as did Mrs. Blackburn and her husband there is always the comforting knowledge of the stability and immutableness of the real value of life. Down underneath are the Everlasting Arms, with their unfailing support.

"The lives of Mrs. Blackburn and her husband have been inseparably linked and I cannot think of one without thinking of the other also. Their home was indeed a blessed place and a source of inspiration not only to the members of their family but to others who came in contact with it. Of that fact I can bear testimony for I often went to Mr. and Mrs. Blackburn for strength and inspiration and I found it in the fine soul culture of this Godly woman and Godly man.

"So we say today that we do not know anything in the lives of these two about which we should mourn or sorrow. If they were here today they would tell us of the joys of growing old, the joy which comes from a realization of the faith of earlier years, the joy of increasing memories and the joy from the knowledge that as the end of life comes one grows nearer to the King.

So instead of an hour of pain and sorrow, this is an hour of triumph, and as we think of these things we can realize full well the truth of the words, "Let not your heart be troubled'."

From the church the body was born to the nearby cemetery where Rev. Mr. Bracewell and Dr. Harker joined in the committal service. The bearers were John Hadden, C W. Martin, John Moss, Frank M. Masters, Charles Patterson and C S. Black

The grave was hidden beneath beautiful flowers, in charge of Mrs. Ethel Stringer, Misses Nora Jordan and Jessie Masters.

ASBURY

Miss Grace Hembrough, daughter of Mr. and Mrs. Frank Hembrough left Saturday for a brief visit with relatives and friends in St. Louis.

Mr. and Mrs. W. R. Hembrough and son Billie of Jacksonville, Mr. and Mrs. William A Reed and Mr. and Mrs Carl L. Hembrough spent Sunday with Mr. and Mrs. George McKean.

Mrs. Wilbur Hembrough and son Billie were week end guests at the home of Mr. and Mrs. William Mortimer.

Miss Marie Hembrough returned home Saturday from a pleasant cisit with her aunt Mrs. Charles Bealmear near Sinclair.

A TRUE FISH STORY

While fishing at Davis Switch Monday night W. O. Swales of this city had the good fortune and angling ability to catch a five and a half pound black bass. Although the fish was not measured its length is conservatively estimated at two feet.

Work shoes $1.98. Hoppers'.

An Unexpected Prophet.

It may somewhat surprise the venerable President of the Farmers' Bank and Trust Co., to know his father was a prophet.

Elder E. G. Rice in an address, made years ago said:

"Fifty years ago and I for the first time gazed on the tall wild grass of our prairies. In the olden times if a man got three or four miles from the timber he thought he had an everlasting fortune, but how is it today I saw the first engine that was plied between Springfield and Naples. They started it with the crow bar, before they would try the strength of the steam on the machinery. If in the short space of forty five years so much has been accomplished, what may we expect in the next fifty years? I dreamed last night that I was standing with some friends when I saw a huge eagle pass far above us and smoke was coming from the top of its head. I asked my friends what that was and they said there were three men in that machine. It was an aerial conveyance. This was only a dream, but such a thing in the next fifty years would be no more wonderful than what has been done in the last fifty."

Real Etate Values.

Col. George M. Chambers said, in 1884:

"In 1837-38 real estate in and near the city was about as follows: Farm from $20 to $40 per acre; after the crash, owners still held on in hopes of better times. The same lands sold in from 1840 to near 1848 for whatever was offered. The Bradshaw estate was sold in 1846 from $7 to $15 per acre, Chestnut farm is part of it, and the Rector homestead is also part of it. The estate of Smedley was sold about 1848, the homestead, now the Insane, brought about $20 per acre x x x His other lands, on Sandy brought from seventy five cents to a dollar. x x x As for other things, being in business, we put out our bill of prices in 1841; $1.75 for hogs, weighing 250 pounds; $1.50 for 225; $1.25 for 200 pounds; $1 for 150 pounds. It being a bad crop year many small ones were bought as low as seventy five cents per hundred; these, if we had thrown them in the river when weighed, would have made us money. x x x For several years money was very scarce and people had a very hard time. Everything was done by barter and a silver dollar looked as big as a grindstone, and it was, too. People had enough to eat and wear, such as it was, but the man who was in debt had a hard time."

The Size of Morgan.

In 1843 Morgan county included its present area and that of Cass county and of Scott as well. Cass was set off from Morgan in 1837, and Scott in 1839.

In 1834 Morgan was estimated to have a population of over 22,000 people; being the most populous county in the state; Sangamon claimed 21,000.

The Congregational Bell.

In 1843 a large bell was placed in the cupila of the Congregational church, then on the east side of the Square, about where the store of Johnson, Hackett and Guthrie is now, and on a Saturday night it was all ready to be rung. Several of the superintending citizens tried to ring it. But J. O. King was the only one of them which could "set it." The result was a great clatter, and that was continued when the bell was put to its intended use, on Sunday morning, when Mr. King rang it. One of the effects of the resounding tones was too great alarm for one of the country residents, and he soon after left the neighborhood.

The First Sewing Machine.

Mrs. B. F. Stevenson, an early resident who lived here many years wrote this from York, Nebraska, about 1885; "I would say I had the first sewing machine in a family brought to the place (Jacksonville). Mr. Goodrick, the tailor, had one in his shop, but did not like it, and I believe did not use it long. He told my husband sewing machines were of no account, and in a short time would be thrown away with the rubbiss. But he proved a false prophet, as I used it for many years and have never since been without; am now using the third. I think I brought the first collection of house plants, but of this am not sure. Unfortunately they were short lived."

Miss Jane Fayrweather, sister-in law of President Sturtevant also thought she was one of the first to have house plants.

Going back to the sewing machine, for the sake of those who, now, may think Columbus brought it over as a present to the Indians from Queen Isabelle, it may be stated that these invaluable household helps did not become generally in use until the late "fifties; just before the Civil War. It is not to be thought that the machines were brought here, with the chicken coops on the backs of the first "movers wagons."

JOY PRAIRIE

C. B. Joy and E. M. Joy shipped two car loads of fine young cattle to the Chicago market this week.

Mrs. Emma Johnson, son Clyde and Miss Newby motored to Bluffs Sunday.

Mrs. John L. Johnson and daughter Rowena attended W. F. M. S. held at Concord Wednesday at the home of Mrs. Edward Newton.

Miss Angie Joy is spending the week with Miss Helen Bates, at Roodhouse.

Earl Johnson spent Sunday with Earl and Pat Harrison.

L. C. Meyer shipped several car loads of hogs to St. Louis.

Allen Leake the son of Mr. and Mrs. Richard Leake held a platform dance Monday evening After having an enjoyable evening. All departed at a late hour.

Mr. and Mrs. Sam Quigg of Virginia spent the fourth with daughter Mrs. Carl Martin.

Mr. and Mrs. Lloyd Strandberg of Beardstown spent the fourth with Mr. and Mrs. Richard Strandberg.

Mr. and Mrs. Edward Stranley and family, Mrs. Sarah Plank and family, Mr. and Mrs. Muriel Beddingfield and family, Mr. and Mrs. Carl Beddingfield and family enjoyed the day the fourth at a chicken and fish fry, at the home of Mr. and Mrs. Walter Beddingfield .

MANY ATTEND MEETINGS AT BETHEL A. M. E. CHURCH

The big community open air meeting at Bethel A. M. E. church conducted by Chief Benjamin, Cherokee Indian evangelist, is attracting large crowds. The speaker has a wonderful gospel message and inspiring songs are also a part of the meetings. This is an old time gospel meeting where every member of the congregation becomes a member of the choir. All are invited to attend.

RELATIVE IS CRITICALLY ILL

Mrs. Louis Hahn of 1301 South Clay avenue received word yesterday that her brother, Herman G. Wilson of Cincinnati, Ohio, suffered a paralytic stroke Sunday morning. Mr. Wilson is under the care of three physicians and little hope is held out for recovery. He is well known to many in this city and vicinity.

WILL MEET FRIDAY NIGHT

The Business and Professional Woman's Club will meet promptly at 7 o'clock Friday evening, July 14, at the Congregational church and will all go to the circus. Bring a guest along if you wish. The hostesses for the evening are L. Maude Ryman and Anna Wier Palmer.

F. W. Story was up to the city from Murrayville yesterday.

KIDDIES ARRIVED HERE YESTERDAY

Visitors Are Pleased With Reception Given Them.

Last night the fifteen poor children brought to Jacksonville for a two weeks outing by the Social Service league arrived from Chicago.

The children eyes nearly popped out when they saw a whole fleet of cars waiting to take them to the homes of their hosts and hostesses. Riding in automobiles was a long wished for event in the life of these kiddies.

Several brothers and sisters made the trip together with their belongings packed in the same bag. The confusion of packing and re-packing of the bags on the station platform was highly amusing from a by standers view point.

Seven children were taken by the people of Chapin neighborhood and eight by Jacksonville people.

Three little girls have but poor command of the English tongue and one little four year old child knows nothing but Polish.

The following local people are giving the children homes during their visit; Mrs. Bambrook, Hardin avenue; Mrs. J. R. Davis, Webster avenue; Mrs. John Volrath, South Main street and Mrs. Bergstrom, Hardin avenue.

The following residents of the Chapin vicinity also took children: Mrs. Fred Eller, Mrs. Thurlow Pratt, Mrs. Alice Braner and Mrs. Hess.

RETURN FROM PLEASANT AUTOMOBILE TRIP

Ir. and Mrs. Clarence Ervin, Mr. and Mrs. E. T. Ervin of Caldwell street, and Mr. and Mrs. Otis Ervin and Mr. and Mrs. Louis Ervin of East College avenue, have returned to their homes after an auto trip of a week thru Northern and Central Illinois. They left last Sunday morning and drove thru mud to Springfield and from there to Peoria where they pitched camp until Monday morning. Monday was spent in Kewanee with Mrs. Ervin's sister, Mrs. John Greggs. From Kewanee the party motored to Galesburg and Monmouth and from there to Abingdon to visit Mrs. Ervin's sister Mrs. Houldsworth. Here they were entertained at a delightful dance in their honor.

Friday morning the party started for home encountering various traffic obstructions near Pekin where the hard roads are undergoing reconstruction. Good roads were encountered all the way on the return journey.

Miss Grace Leach of the vicinity of Winchester arrived in the city yesterday.

Mrs. Abe McCullough of Lynnville journeyed to the city yesterday.

We Give Standard Willard Service on All Batteries

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

—But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

STRIKERS WORK WITH TROOPS TO PREVENT TROUBLE

(Continued from Page One)

governor's office declaring shots had been fired at their homes.

A reporter who spent the night in the yards with the troops reported about 200 to 300 shots were fired by sentinels at 3 a. m., after two shots had been fired by snipers. One sergeant told an Associated Press correspondent he personally fired six shots and that his squad alone discharged about fifty to sixty. Boys playing near the shops today picked up dozens of empty shells.

Two machine gun companies dug in today and completed the shop defenses. At the Empire street and Morris avenue entrance which overlooks the soldiers' camp, a machine gun nest was fortified during the day and four other machine guns placed in shop buildings overlooking the entrance.

Late this afternoon all guard posts were strengthened at the northeast corner of the yards, where snipers were active last night more than a dozen men with automatic rifles were hidden in coal cars.

ROUNDHOUSE FOREMAN AT ROODHOUSE ASSAULTED

Masked men at an early hour Tuesday morning entered the C. & A. roundhouse at Roodhouse and taking the night foreman, a man named Dickens, gave him a coat of tar and feathers. A deputy sheriff who was on guard at the shop was given the assurance that the man would not be injured.

The assault comes as an incident in the present strike. Dickens having been warned by strikers not to return to his duties at the roundhouse after several days' absence. He failed to heed the warning with the result indicated.

ALEXANDER WOMAN'S CLUB TO MEET TODAY

The regular meeting of the Alexander Woman's club will be held this afternoon at the home of Mrs. Charles M. Strawn. Miss Althea Hall is the leader of the afternoon and the general subject will be "The Radio." It is probable that a number of the members will have part in the discussion of this timely topic. Mrs K. V. Beerup will furnish a group of songs.

Among out of town guests who are expected to be present are Mrs Henry Strown, Mrs. Ernest Strawn and Miss Bettie Mosley all of Jacksonville.

The next meeting of the club will be on Wednesday, July 26, at the home of Miss Martha Mason.

REWARD IS CANCELLED

The Chamber of Commerce directors have voted to rescind the reward offered for the conviction of check forgers. This was not done until the matter had been fully discussed and it had been decided that the reward has filled the purpose for which it was offered.

FARM BUREAU NOTES

Quite a high percentage of fallen straw is found in our wheat fields this year. At first glance one would say, that this was caused by hessian fly as the appearance is almost the same. However, an examination shows that the damage is caused by the wheat joint worm. W. P. Flint, State Entomologist, recommends cutting the straw high and turning the stubble under during the late summer or early fall. Where clover is sown with the wheat he recommends to cut the straw low which will remove most of the gals and then bail and sell the straw where it will be used in towns or cities.

Morgan County has several bad patches of this dangerous weed. Cutting off the tops will not destory these thistles but only prevent seeding. The roots can be killed by depriving them of nourishment. Do not allow to grow above the ground. This can be accomplished by frequent cultivation at least once a week during the growing season. They should use the plow and disc on large pastures and the hand hoe on the small ones.

Lightning Protection

The question as to the value of lightning rods for protection is one that is raised by many farmers each year. Investigations carried on in several states indicate that rods when properly installed give real protection. Rods are made of copper, aluminum and galvanized iron. Copper is considered best of all materials for this purpose. The best form of rod is made of strands of wire twisted or woven together into a cable. The most important requirement of an installation is to have the rods carefully grounded by extending them into the earth 8 or 10 feet. In the open country it is also well to ground the wire fences that is connected to each strand of wire about three feet in the ground. The ground wire should be put in at intervals of 20 rods.

Making Concrete Fence Posts on The Farm

F. H. Jewsberry of Markham makes his own concrete fence posts. Molding 12 at a time. These are reinforced with 3 iron rods each. Mr. Jewsbury molds 12 and lets them remain in the molds one week. He thinks that we ought to mold the posts a year ahead of the time we expect to use them. He also made some very fine end posts in home made molds.

A Convention That Fizzled

Not so many freight cars running these days on account of the rail workers' strike. Be that as it may, the convention of the "Migratory, Casual and Unemployed Workers of America" at Buffalo wasn't a big Eads Howe, "millionaire hobo," Mrs. Inez E. Newton of Oklahoma, Jim Sullivan and Pat Collins.

DEATHS

Deatherage.

Mrs. Lanoma M. Deatherage passed away at her home, 1039 West College avenue, at 3:45 o'clock yesterday afternoon.

The deceased was born in Morgan county, June 22, 1850, the daughter of Mr. and Mrs. Thomas Michener. On June 30th, 1870, she was united in marriage with Archilles Deatherage in Franklin. She was during her lifetime a devoted member of the Christian church.

Mrs. Deatherage is survived by one son, Carl Deatherage, of Fancy Prairie, Illinois, and one brother, Thomas Michener, a resident of Michigan.

The remains were taken to the Gillham Funeral Home and prepared for burial and will be taken overland to White Hall on Thursday.

Glossop.

Mrs. Charles F. Glossop died at the family home, 334 South East stree at 9:15 o'clock Tuesday morning. She had been in failing health for a long period and death was not unexpected.

Decedent was the daughter of Michael and Susan Rapp and was born in this city and her entire life had been spent here. The old Rapp homestead in which she was born stood on the site of the house in which she died.

Besides her husband, Mrs. Glossop is survived by two brothers, Thomas H. Rapp and M. D. Rapp. She also leaves one nephew, Charles H. Rapp of Chicago; three nieces, Grace, Ruth and Katherine Rapp of this city, and an aunt, Mrs. Kate Taylor of Clinton.

Mrs. Glossop was educated in the public schools of the city and at Illinois Woman's college. She was a member of Centenary church and was active in church work so long as health permitted.

Fuheral services will be held from the residence, 334 South East street at 3:30 o'clock Thursday afternoon in charge of the pastor, the Rev. C. D. Robertson. Interment will be in Diamond Grove cemetery.

Friends are invited to attend the services and are requested to omit flowers.

Little Margareth Vasey, daughter of Mr. and Mrs. William Vasey of southwest of town, was operated on at Our Savior's hospital yesterday. The young lady's tonsils were removed and she is doing very well.

OPERATORS AND MINERS HAVE NOT YET MADE REPLY

No Answer Received on Harding's Proposal on Coal Strike

(By The Associated Press)

WASHINGTON, July 11.—President Harding's proposals for arbitration to end the suspension of work in unionized coal mining areas were still in suspension tonight awaiting final answers from the mine operators and union officials to whom they were directed.

At the White House it was said the President did not expect definite answers from the bituminous industry by Saturday, tho the anthracite mine owners were expected to respond tomorrow. The administration view was clearly stated that the settlement plan outlined was the best in the situation.

Several inconclusive sessions of the coal mine operators who represented the industry at the conferences called by the President ten days ago, were held today, but an adjournment was finally taken until Sunday.

A. H. Ogle, chairman of the operators' group in the conferences and president of the National Coal Association visited the White House late today to obtain first hand information upon the administration proposal.

John L. Lewis, president of the United Mine Workers of America and other unions officials withheld comment pending the assemblage of the full union policy committee and its 126 members in Washington Saturday to answer the president.

Intimations were plentiful that neithers operators nor union leaders regarded the arbitration suggestions as outlined with entire approval, at least in the bituminous industry.

BALL GAME THIS EVENING

Tht final game of the season between the Press club and the Eli Bridge Co. team will be played this evening on the State Hospital grousds. Shelton and Sparger will be the battery for the Press club, while Riggs and Magill will serve in a similar capacity for the Eli team.

Herbert Pfeil, son of Mr. and Mrs. George Pfeil, entered Passavant hospital yesterday for the purpose of having his tonsils removed.

WEDDINGS

Aleck-Brown

The arriage of Samuel Aleck and Miss Mary Brown both of Michigan City, Ind., took place Tuesday afternoon at the office of Justice Bayha. The young people left soon after the wedding for Michigan City where they will make their home. The groom is manager of a pool room.

Rev. J. W. Kettle is a patient at Passavant hospital and while a very sick man is showing some improvement from day to day.

FRANKLIN CLUB WOMEN ENJOY ANNUAL PICNIC

Members of Homemakers Circle and Families Spent Tuesday Afternoon at Outing Club Grounds

The annual picnic of the Homemakers Circle of Franklin was held Tuesday afternoon at the Outing Club grounds near Franklin. There are thirty-five members of the club and they were privileged to invite their husbands or other members of the family, so that more than 100 persons were in attendance.

The arrangements for the picnic were in charge of Mrs. Chas. Gibson, the president of the Circle, assisted by Mrs. George Brown, Mrs. Samuel Darley and Mrs. William Douglas. The program was arranged by Mrs. Lawrence Sears, Mrs. Miller Keplinger, Mrs. John Bland, assisted by Miss Winifred Keplinger.

The program included two readings by Miss Helen Cdum which were highly entertaining. The main program was an impersonation of various Mother Goose characters, the following being the:

Mother Goose—Mrs. M. D. Henderson.

Babes in the Wood—Ruth Evans and Adrian Sears.

Mistress Mary, Quite Contrary—Mary Douglas.

Queen of Hearts—Alice Keplinger.

Jack Horner—Marlowe Miles.

Little Boy Blue—Norman Sinclair.

Simple Simon—Byron Calhoun.

The Old Woman Who Lived in a Shoe—Mrs. William Douglas.

Little Bo Peep—Winifred Keplinger.

The Farmer's Wife—Miss Maude Van Winkle.

Little Miss Muffet—Miss Ruth Henderson.

Jack and Jill—Mrs. Earl Miles and Mrs. Newton Wood.

Jack Spratt and his Wife—George Brown, Mrs. William Rees

Little Miss Netticoat—Miss Eleanor Luttrell.

Cinderella—Margaret Crum.

Prince Charming—Charles Echols.

The Haughty Sisters—Mrs. Miller Keplinger and Mrs. Lon Sears.

As a finale the Mother Goose Co. joined in the singing of "Good Night Ladies."

After the program came the picnic supper, which was most eluaborate and tempting one. The menu included fried chicken, potato chips, bread and butter sandwiches, boiled ham, fruit salad, deviled eggs, ice cream, cake and iced tea.

HEALTH SURVEY BEGINS IN CITY

Work is Commenced In First Ward With Gratifying Results.

The census and sanitary survey by the Morgan county health bureau is under way, directed by Dr. R. V. Brokaw, county health commissioner. Miss Ryman and Miss Stevens, nurses in the health department, are doing the compilation work. They have been busy this week in the first ward and the results thus far are very gratifying. This means that they are finding the people very ready to co-operate by giving the desired information.

The survey has proceeded far enough to make it certain that data is being secured which will be of great value in meeting some of the disease conditions that are near at hand.

The blanks being used in compiling the information when filed out will give the names of all persons in each dwelling and the ages of members of families will also be recorded. These are not in exact figures but are grouped in such a way that certainly no one will object to giving the answers.

Other facts are set forth with reference to the milk used, the water supply, typhoid fever records, sewerage data and facts about screens. There is also spaces where record can be made of complaints or of nuisances. It is the hope that the investigation will proceed in such a way that it can be completed in Jacksonville in 30 days.

ALL ABOARD FOR MEREDOSIA
Let's All Go Today!
Big Bridge opening. Big eats, chicken fry, fish fry, ice cream, raspberries. Short talks. Lots of music. Fifteen minutes stop at Chapin. Everyone invited—Bring the Mrs. and the children. Cars assemble north side of the square 9:30 a. m. today. Call the Chamber and let us know YOU ARE GOING.

ALL READY FOR TRIP TO MEREDOSIA

Jacksonville Will Send Big Delegation for Bridge Opening Program — Rules for Caravan Announced.

The Jacksonville delegation is now ready for the start to Meredosia to attend the celebration of the opening of the new bridge today. All local people going will be equipped with the Jacksonville colors, hat, cards and stickers for their cars. Stickers advertising the Morgan county fair will also be posted on all cars. The place of formation will be in front of the chamber of commerce rooms, the time is nine thirty and the following rules are to be obeyed by all orderly citizens who will follow the procession:

1. Under no circumstances shall anyone pass the pilot car.

2. Keep your place in line, unless the car in front becomes disabled.

3. Before entering Chapin, the pilot car will stop at the community high school and wait ten minutes for other cars to catch up.

4. Follow the pilot car into Chapin in close formation.

5. A stop of fifteen minutes will be made at Chapin for the purpose of getting acquainted with the citizens of that town.

6. Follow the pilot car out of Chapin and keep on the White Triangle trail from Bethel into Meredosia.

7. The pilot car will stop ten minutes at the city limits of Meredosia, in order that all other cars may line up behind it and proceed into the city in a body.

8. Return to Jacksonville at any time.

9. Return all flags and Chamber of Commerce banners to the Chamber of Commerce headquarters upon your arrival in Jacksonville.

GOLD MEDAL SHOWS ATTRACT CROWD

The Gold Medal Shows on the Cannon lot attracted a big crowd Tuesday night. Harry E. Billick, proprietor of the shows, has had abundant experience and has assembled a good lot of attractions.

The Cannon lot is not large enough to accommodate all of the shows and several were not unloaded. The shows will be taken from here to Alton or Moberly as Mr. Billick and his associates are marking time until the circuit of fairs opens. B. W. Powers is press agent for the shows, a man with wide experience.

TRAINS ARE DELAYED

While passenger trains are reaching Jacksonville each day the schedules are somewhat interfered with. The Hummer, due last night at 11:30, was more than two hours late and the same was true of the Wabash train due here at 12:45 a. m. The 10:50 a. m. southbound train on the Alton was four hours late and other trains will move behind the regular schedule.

There are delays at terminal points in securing engines and it is probable that railroad managements prefer to have the trains move somewhat more slowly than on the normal schedules.

Hot Time at Coal Confab

Although they peeled off their coats, coal operators and United Mine Workers could reach no agreement in their preliminary conference at Washington. On the platform, left to right, Wm. Green, secretary of the mine workers; Alfred M. Ogle, president of National Coal Association; Secretary of Labor Davis and Secretary of Commerce Hoover.

PAVING WORK TO BEGIN AT ONCE

Representative of Standard Paving Company Here to Assemble Equipment and Workers.

M. R. Davidson, a superintendent for the Standard Paving Co., arrived in Jacksonville yesterday to begin the preparations for the contract work the company is soon to begin here. Mr. Davidson is to have charge of the curb construction and after consultation with City Engineer E. M. Henderson decided to begin work on the West State street extension.

For this curb work local equipment will be used and most of the workers will be local men. After the curb has been laid on West State street the scene of activity will be transformed to Jordan street. The general equipment for the contract work has been assembled and shipped and is expected in Jacksonville next week.

The plant for the mixing of the asphalt will be erected in the Chicago & Alton yards at a point about 200 yeards north of the passenger station. The last time he Standard Co., had a contract here the mixing plant was erected near the Wabash adiacent to land now occupied by the Eli Bridge Co.

If the company lives up to previous performances here the work will be well done and the contract pushed promptly to completion.

ROBERTS BROTHERS PLAY HERE SUNDAY

Springfield's Favorite Team to Play Rubber Game—Seymour Will Pitch for Locals.

Roberts Brothers of Springfield one of the favorite teams with local fans will come Sunday for the rubber game with the Indees. Each team has now won a game and this contest should be a hot one.

The visitors will have the same strong lineup that has faced the Indees in other encounters. "Brick" Maurer will be here to perform his comedy and incidentally break up the game if he gets a good wallop at the ball.

Manager Smith announces that Dickason will again be at short with Christopher in center. The rest of the lineup will be the same as last Sunday. Seymour will do the hurling for the Indees. "Ginger is rarin to go" and if he is right he should be able to turn the enemy back. The game will be called at 3 o'clock.

The following is the schedule for the Indees up to Labor Day.

July 23—'Connells of Springfield.

July 30—Union Giants, colored.

August 6—Virginia Merchants.

August 13—Wabash Banners of St. Louis.

August 20—Pleasant Plains.

August 27—Virden Merchants.

Sept. 3-4—Murrayville.

J. C. PENNEY CO. OPENING 59 STORES

That Number of Stores Are Being Added to the J. C. Penney Co., Chain.

The J. C. Penney Company, who have operated a very successful store here for several years, are opening fifty-nine new store thruout the country. When this has been accomplished, the nation-wide organization will then have 371 stores in all. The present expansion of the company contemplates still more stores next year.

The growth of the company has been remarkable. The first store was opened twenty years ago, 1902, doing a business of $28,898.11. Last year, 1921, it had 312 stores and the gross volume of sales amounted to $46,641,928.20.

Mr. J. C. Penney, the founder of the company, is still active in the affairs of the organization, being chairman of the board of directors.

IT'S HERE!—

Here, at last, is a film that rivals the performance of the human eye. Think what that means. All day long the human eye registers pictures. The light changes, but the human eye never misses. First the weaker light of early morning. Then stronger and stronger rays until the intensity of noon. Later the soft mellow light of the supper hour. Now sunshine—now clouds. Always the eye adapts itself to the character and intensity of the light.

For years it has been the dream of chemists to produce a film adaptable like the eye—one that would get the picture under a much wider range of light conditions than was possible with film of the past.

Long-Needed; Here It Is

Now, at last, comes the new Ansco Film which has that wider range of exposure. This New Ansco Film works much like the human eye. It adapts itself to existing light conditions. It picks up the picture clearly when the light is poor and retains it just as clearly when the light is extra brilliant and intense. No other film gives such wonderful range of exposure.

The Dort

The Easiest Handled Car on the Market Today, Lowest Upkeep, Least Trouble

The India Temple of Shriners of Oklahoma City are proud of their band, patrol, chanters and all the other possessions of Shrinedom, but of these nothing is dearer to the hearts of the Nobles than the esteem in which they hold an intrepid girl driver who, though only 18 years old, piloted a Dort automobile party in the motor caravan more than 1800 miles over mountains and deserts in the pilgrimage to the Shrine Mecca in San Francisco.

The girl is Miss Helen Voss, who drove every mile of the distance, bringing her father and mother and young brother.

Miss Voss in her Dort was one of a caravan of 200 motorists that left Oklahoma City, May 21, shortly after her graduation from High School. Sturdy male drivers looked askance at the young woman and explained the hardships and difficulties they believed she would encounter, urging that she let the job of piloting the car fall to the lot of a man.

"I know the Dort and can handle it with such ease that the trip will be nothing at all," said the girl, and she demonstrated that she knew whereof she spoke, because aside from a little tire trouble early in the trip the party went through without an unhappy incident so far as the machine was concerned.

While crossing the New Mexican desert the entire party was held up by a band of cowboys, who turned out to be a welcoming party in disguise. This was one of the most thrilling experiences on the trip.

ALCAZAR
Kerosene Gas Cook

Square Top Grates
Enameled Burner Drums
Patented Solid Brass Burner
Closed Back

Large Roomy High Shelf
Convenient End Shelf
Glass Oil Tank
Removable Burner Tray

Cooks and Operates Like a Gas Range
Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil.

The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed.

The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking.

You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself.

Let us show you this stove. Note how well it is made—"A Beauty," you will say.

WILL SINK OIL WELLS IN MORGAN COUNTY

Operators Here to Test Area Northeast of City—Thorough Test Will be Made —Frank Byrns Interested Men in Trying Out Field

Before many days pass the hiss of stationary engine steam and the chugging noise of oil derrick cables will again be heard in Morgan county. For two weeks or more, men experienced in the oil business have been in this county looking over the field a few miles east of Jacksonville and have determined that the field merits a thoro test.

Of local men, Frank Byrns has had the most abiding faith in the oil possibilities and it is thru his interest that several dependable oil operators have come into the county and decided upon the testing.

Some of the oil drilling equipment is here and another car load will be received in the course of a very few days. The first well to be drilled will be on the Mahon farm and the next on the Davies land not far distant. These two well will represent the northeast and southwest corners of the particular field it is expected to test with five wells. Shallow wells, that is, to the depth of about 350 feet, will be put down at each corner of the field and then a deep well will be sunk in the center.

One of the three oil operators who have been in Jacksonville for the past two weeks, said last night: "We have come into this territory quietly and after looking over the ground and knowing something about the history of the operations made eleven years ago, quickly determined that the oil prospect was well worthy of our attention.

Equipment Here In Few Days.

"The equipment needed for drilling will be assembled here in less than a week's time and the work of putting down the test holes will begin at once. There is no mystery about oil operations of the kind we will carry on here, and it will be our pleasure to tell the people when we expect to shoot our first well. In fact, we will try to time it so that as many people as wish to may be on hand to witness the operations.

"Frankly I do not understand why a genuine test of the field was not made here eleven years ago when a number of shallow wells were sunk and a showing of oil made. The reasonable thing from my viewpoint would have been to have gone ahead with the investigation, for there can be no real knowledge of an oil pool or field until a deep well has been sunk.

"I have no hesitation in saying that I have paid as high as $100,000 for information of the kind that would have been revealed by those shallow wells. I have been in the oil business for a long period and the quest of new wells has taken me into localities widely separated. So it has been my lot to open up a number of profitable fields, which have been developed into producing wells of great value. This has not been done because of any superior knowledge that I claim to possess.

"We proceed in all our operations on a scientific basis. Following the advice and investigations of geologists, here in the deep test hole we will go down to the Pennsylvania, Niagara or Trenton limestone as the drill may show necessary.

"These three formations occur in the order mentioned and the oil bearing sand is found adjacent to one of the limestone formations. Our investigation of the land has not been sufficient for us to determine just when to expect, and no log is available of the holes put down here eleven years ago."

Will Sell No Stock.

It goes without saying that these oil men who have come to Morgan county at this time have no stock for sale and are not engaged in the organization of any companies. It is their business to develop oil wells and they are constantly on the lookout for any new territory. They learned some of the facts about the local showing thru Mr. Byrns. In fact, he induced them to come to make the investigation here and it is because of the investigation made and the facts known about the previous oil and gas operations that the present testing has been determined upon.

The oil men here have ample finances and sufficient faith in the local prospect to spend the money necessary for a thoro testing of the field. Local people are familiar in a general way with the wells put down in the area mentioned, but no doubt few of them know that several of the well continue after more than ten years' time to flow a few barrels of oil weekly.

Not long since oil was found oozing from the ground on the side of a hill on the Mahon farm. This was in the locality where a well had been drilled and then filled.

Those who investigated the matter decided that the pressure of the oil must been sufficient to force it to the surface at the pointed indicated. It is understood that the operators who have come in have a goodly acreage under lease and that if they are able to secure rights on several more farms in the same area that still other equipment will be brought in and the area of testing extended.

All members of Harmony Lodge No. 3 A. F. & A. M. and all Masons requested to meet at Masonic Hall at 1:30 o'clock this afternoon to attend the funeral of our late Brother, George Weeks. J. W. Hughett, W. M. John R. Phillips, Sec.

GOAL REACHED IN HOSPITAL CAMPAIGN

Friends Pledged $26,088 for Our Savior's Addition—Other Reports Still to Come.

The committee which had in charge the raising of a fund for the addition for Our Savior's hospital, announced last night thru E. A. Brennan and J. J. Kelly, that the total of subscriptions is $26,088.20. There are still some solicitors to hear from and it is likely that the final report will show a total sum of several hundred dollars larger.

As the goal fixed was $25,000, it will be understood that the campaign was a success and that the support given the movement measures up with expectations.

The Sisters of the Holy Cross desire to express to the friends of the hospital their deep appreciation for the generous support given this campaign. Many people joined in the work of solicitation and this service was as valuable as the giving of money itself.

At a later time it is the intention to publish a list of the donors to this fund.

The Sisters can assure those who have aided the fund that this money will help in having the hospital fulfill its mission.

LYNN GETS PROPERTY BACK

Raymond Lynn, Western Union operator, who had his car stolen some time ago and recovered later, has received a pair of shoes and blankets that were missing from the car when it was found. The missing articles were sent by parcel post and proves that even an automobile thief is possessed with a conscience.

IMPROVES AFTER INJURY

George Lipsmire of Springfield, who is now a patient at Our Savior's hospital as the result of an injury sustained Saturday when a flagstone in the East State street pavement caved in, is now reported to be improving in a satisfactory manner.

Claude Beerup arrived in the city from Alexander yesterday.

CLUBS AND SOCIETY

Presbyterians Enjoy Outing at Park.

State Street Presbyterian church held a most delightful picnic at Nichols Park last evening with about a hundred present. A number of the members motored to the park in the afternoon where numerous athletic events were held. Some of those were: A hoop race, girls' race, boys' race, little children's race and a backwards race. Two of the prize winners in events were: Ruth Margaret Norbury who won the little children's race, and Margaret Goebel, who took first honors in the running race.

At six o'clock a most appetizing picnic supper of salads, sandwiches, ice cream and cake, and all the other good things that make up a fine supper was served.

After supper the men and older boys of the church engaged in a fast game of baseball.

Baptist Church Holds Annual Picnic.

A large number of the members of First Baptist church and Sunday school enjoyed an outing last night at Nichols park.

The program began before supper with the children's athletic events. The events and their winners are as follows:

Girls' 25 Yard Dash—First Bernice Corbridge; Second, Dorothy Hailey.

Boys' 25 Yard Dash—First, Harry Garner Story; Second, Neal Brown.

Girls' Primary Race—First, Irma Antle; Second, Helen Arnold.

Boys' Primary Race—First Fred Goodey; Second, Wilbur Smith.

The Intermediate and Junior departments were divided into two teams with the titles of "Knox" and "Eureka" colleges. The former was captained by Ellis Long and the latter by Arthur Updegraff. The contest between these two teams was in the form of a field meet. Final score, Knox, 70; Eureka, 30.

At six thirty a fine supper was served to the hungry guests consisting of all the good food that makes a picnic worth while.

After the supper a program of impromptu speeches and songs were given under the direction of Rev. A. P. Howells, the pastor of the church. Charles H. Story was in general charge of the whole affair.

Surprise Party For Howard Schneider.

The friends of Howard Schneider planned a surprise supper in his honor which was given at Nichols Park last evening, this being his thirty first birthday.

The party went to the park with well filled baskets and enjoyed a delightful picnic supper.

Those present were: Mr. and Mrs. Max Schneider, Mr. and Mrs. Joseph Vedder, Mr. and Mrs. Arthur Schneider, Mr. and Mrs. Faingh and two children; Mr. and Mrs. Oscar Schneider, Mr. and Mrs. William Dwyer and two children; Mr. and Mrs. Otis Axe and daughter; Mr. and Mrs. Ivy Calender, Miss Eileen Scott, Miss Gladys Scott, Lloyd Scott, and Mr. and Mrs. Howard Schneider.

Ella Ewing Circle Met.

The Ella Ewing Missionary Society met at the home of Mrs. Vida Armstrong on Franklin street last evening. Miss Pearl Jewsbury being the assistant hostess. Mrs. Stella Peck was the leader. The topic of the evening was "Negro Americans." Papers were given by Blanche Turley, Mae Hitte and Margaret Coffman.

Refreshments were served and a social time enjoyed by all present.

Missionary Society Met With Mrs. Hopper.

The Women's Foreign Missionary Society of Grace M. E. church held its regular meeting at the home of Mrs. Charles Hopper yesterday. Delicious refreshments were served and excellent papers were prepared by Mrs. William Cocking and Mrs. Allie Marsh. Mrs. Charles Hopper acted as hostess with Mrs. T. H. Tull, Mrs. Amelia Theobold, Mrs. William Ledferd, Mrs. Amos Straight and Mrs. R. Shumaker.

Congregational Aid Society Met

A meeting of the Ladies Aid Society of Congregational church was held yesterday afternoon at the church in order to catch up in some of the back orders. The afternoon was spent in sewing and the meeting was in charge of Mrs. Charles Hall.

LIEUT. EMMETT KEATING TO GO TO ANNAPOLIS

Emmett Keating, lieutenant of the first grade in the U. S. navy, arrived in the city Monday evening to join his wife and son, who have been here for some months past, and to make a brief visit with his parents, Mr. and Mrs. Edward Keating on Hardin avenue.

Lieut. Keating has recently had a change of work and is now on his way east to assume his new duties. He is to be instructor in military subjects in the discipline department of the naval academy at Annapolis, and will leave the first of next week for that point.

The naval officer has been for some time on board the S. S. New Mexico. Vice Admiral Shoemaker has been quartered on the New Mexico and Lieut. Keating was connected with his staff. The many local friends of Lieut. Keating will be interested in knowing of this most recent advancement.

Mr. and Mrs. John Wild of Murrayville spent Sunday afternoon at the home of Mr. and Mrs. Edward Gallagher in Woodson.

CHIEFS RAISED BY DELAWARE TRIBE

Were Inducted Into Office at Regular Meeting Tuesday Night — Chories J. Roberts, Deputy Great Sachem in Charge.

At the regular Council sleep of Delaware Tribe No. 78, Improved Order of Red Men held Tuesday evening the new chiefs were raised.

There was a large attendance of members and the Raising ceremony was in charge of Deputy Great Sachem, Charles J. Roberts. He was assisted by I. M. Bunce as Deputy Great Prophet, and George W. Davis as Deputy Great Sannap.

The new officers are

Sachem—G. E. Proffit.

Senior Sagamore—M. A. Spainhower.

Junior Sagamore—Wesley T. Smith.

Prophet—L. A. DeWitt.

First Sannap—E. J. Miller.

Second Sannap—W. J. Brooks.

Trustee 18 Moons—W. J. Brooks.

First Warrior—Russell Flynn.

Second Warrior—J. H. Redburn.

Third Warrior—L. P. Mills.

Fourth Warrior—J. S. Fanning.

First Brave—Charles Honey.

Second Brave—E. F. Miley.

Third Brave—J. M. Hurst.

Fourth Brave—Amos White.

Guard of the Wigwam—W. H. Garrison.

Guard of the Forest—Newton Flynn.

Following the business meeting the chiefs were invited to the dining room where a fine luncheon was served by the members of Iona Council Degree of Pocahontas. The chief greatly appreciated the feast and W. J. Brooks expresses the appreciation of the members.

SUCCESSFUL DANCE ON J. S. H. GROUNDS

Event Sponsored By Automotive Dealers Draw Big Crowd—Dr. Hill Made Plans Possible.

The outdoor benefitt dance given last night at the State hospital grounds by the Automotive Dealers association of Jacksonville proved to be an unqualified success. The spacious grounds were crowded during the hours between eight and twelve o'clock and hundreds of couples availed themselves of the opportunity to dance out in the open under the big trees, dancing for charity and for the love of the delightful exercise. The weather was perfect and the music provided by Dunlap's famous jazz orchestra was all that could be asked and was practically continuous thruout the evening.

The object of the dance was to raise sufficient funds to fully furnish one room in the new annex to Our Saiour's hospital.

A great deal of praise is due to Dr. and Mrs. E. L. Hill of the state institution, who made it possible to hold this very enjoyable event. The platform for the dance was the one placed on the grounds by Dr. Hill for the 4th of July festiities, except that it was added to making a platform 125x50 feet. The wiring and lighting was provided thru the courtesy of Dr. Hill and assistants. Mrs. Hill very kindly arranged a most delightful decorative scheme of flags and bunting around the platform which added much to the brilliance of the occasion.

Sheriff Weatherford furnished two deputies and Chief of Police Kiloran one officer to assist in handling the crowds, but there was little need for them to do except enjoy themselves as it was a good natured throng out for an enjoyable evening.

The association wishes to express its appreciation of the services of Night Watchman Roy, of the State institution, who took charge of the parking of automobiles and looked after their safety.

Refreshment and check room conveniences were in charge of Mullenix and Hamilton who furnished everything and will donate one-half of the profits from their work to the fund being raised.

The association's entire membership was present at the dance and took an active part, but desires especially to thank the large number of friends who lent their aid during the evening and which helped to make the affair the success it undoubtedly was.

The amount of money realized by the association will not be known until after the committees have checked up today, but it is believed will be sufficient for the purpose intended.

Executive committee in charge of the affair: J. G. Berger, Ralph Withee, J. F. Claus, W. J. Houston, O. H. Cook Dance: Charles M Strawn, assisted by Mr. and Mrs Ol Spaulding. Publicity: W. A. Fay and E. A. Olds.

CONGREGATIONALISTS ATTENDING MEETING

Many young people of the Congregational church are attending the Annual State Conference at Dixon, this year of the State Congregational Young Peoples Association. Dean Scott of Illinois College is Dean of the Conference and Rev. Stickney has charge of recreation. Mrs. Stickney is pianist for the session.

Among the young people attending are Franklin Scott, Elizabeth and LaVinia Scott, Alfred Cranwell and Lester Woods.

The afternoon will be spent in recreation while the morning and evenings will be spent in devotional and vocational sessions.

MYERS BROTHERS

DEPARTMENT OF HEALTH NOTES

Give the baby a chance. See that his milk is not only safe, but that it is kept cool until feeding time when it should be brought to normal temperature.

The Aurora Beacon-News announces: "One hundred and sixty-three children have been examined in the child health clinics being conducted under the auspices of the state department of public health, cooperating with the Kane county nurse and the Kane county bureau."

An adequate supply of pure water in every community, while important to the public health, is not in itself sufficient. The milk supply must also be safe for public consumption.

The National Chamber makes the pithy observation:

"A physical education system which develops eleven players and a thousand spectators will never go far in raising the physical efficiency of our cities. The one thousand must participate; those who are weak and physically defective most of all."

"Whether tried by years or by centuries," says the Chicago Journal, disease does not improve the physique of a nation, while outdoor sports do improve it, even in a period of months. Every victory over infections disorders is an unmixed gain—and so is every increase in the popularity of athletics."

Fresh air is not sold by measure, nor is its use in any manner restricted. Its daily and nightly use is recommended to those who would enjoy good health.

The Seventh Annual Better Babies Conference will be held at the Illinois State Fair, September 16-23, under the direction of Dr. I. D. Rawlings, director state department of public health. Hundreds of babies from past conferences will be reentered to ascertain their ratio of improvement since last examination.

The mothers must be taught how to care of and how to prepare baby's food. Along this line the following is quoted from the Bulletin Chicago School of Sanitary Instruction:

"Just now the health officials are talking about the hot weather care of the milk; but most of them say little about the proper care of milk for all kinds of weather, be it winter or summer.

"Of course, it is well known that a high temperature soon spoils milk and renders it not only unfit, but dangerous for baby feeding. But many people seem to forget that a higher indoor temperature in December makes it just as necessary that the baby's milk supply be kept cool in December as in July. And because many people overlook this important fact, thousands of babies die every year from diarrhea and enteritis, though it is supposedly a hot weather disease."

WEEKLY CROP REPORT FOR GREENE COUNTY

WHITE HALL, July 11—Showers of rain amounting to 0.42 of an inch characterized the close of a rainless week ending Monday, according to the local weekly weather and crop report. Corn is developing excellently under the droughty conditions, but garden truck has suffered heavily. The blackberry crop is being cut short. Threshing is in full blast, the average holding around 20 bushels to the acre.

Early apples are being harvested, and it is apparent that the was a heavy loss of these by the windstorm of June 12th. The main apple harvest starts about September 1st. Present estimates show about one-fourth crop in Greene county, and yet the Thom as orchard shows a full yield. Reports from Calhoun county look better, with about half a crop in prospect. The highest temperature was 97 on the 9th, and the lowest 49 on the 4th. The average temperature was 76.8 degrees. The highways are wet and rough. The new state hard road between White Hall and Carrollton was put in service Monday, eliminating the detour via Berdan.

PASSAVANT NOTES

Mrs. Ollie Osburn spent a short time at the hospital as patient and went to the home of her mother, 736 Chambers street.

Mrs. Fred Hamilton of Winchester has been received as a patient.

Hilbert Fanning, son of Everett Fanning of Scottville, spent a short time at the hospital as patient.

Mrs. Joseph Galloway of Woodson, mother of Mrs. Clarence York, has entered the hospital.

Miss Luella Gadberry, 1827 Cox street, has been received as a patient.

Miss Margaret Vasey, daughter of William Vasey of Woodson, has entered the hospital.

Mrs. William Beekman has gone to her home in Pisgah.

Mrs. Charles Mullens of Litberry has returned home.

Albert N. Schaffnit of Perry, Pike county, has returned home.

Mrs. Lee Carter of 1258 South East street, has returned home.

Harvey Placke of Bluffs has gone home.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on North Main Street in said city from the north line of North Street to a point twenty inches south of the south rail of house track No. 1 of the Wabash Railroad, which said pavement shall be constructed in accordance with the plans, plats and profiles on file in the office of the City Clerk of said city, and which said improvement shall consist of a brick pavement with a combined concrete curb and gutter on each side of said brick pavement, and said brick pavement shall be constructed in the following manner; that the top layer of the old brick pavement shall be removed, and all holes and ditches filled as provided in said ordinance, and brought to grade nine inches below the surface of the finished pavement when completed; upon this sub base there shall be placed a layer of concrete five inches in thickness; upon the concrete base there shall be placed a cushion of sand one inch in thickness and upon the cushion of sand there shall be laid a surface of vertical fibre brick, all joints to be filled with an asphalt filler, and the surface dressed with one fourth inch of sand; all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in ths proceeding, and said City of Jacksonville, Illinois, having applied to the County court of Morgan County, Illinois, for an assessment of the cost of said improvement, as directed in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 26th day of July, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, June 29, 1922.

HARRISON W. KING,
Appointed to Make Said Assessment.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calonite powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calonite powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 24th day of June, A. D., 1922.

Sidney P. Jones,
Executor.
M. T. Layman, Attorney.

GREENE COUNTY FARM WAS SOLD AT AUCTION

Carl Davidson Buys 275 Acre Tract Sold By Master in Chancery—Other News Notes From White Hall.

WHITE HALL, July 10—The John L. Davidson farm of 275 acres in Wrights township, southeast of White Hall, was sold under partition Saturday by James McNabb, master in chancery, and the purchaser is Carl M. Davidson of White Hall, son of the late Jno. L. Davidson, at $13,225, and he will manage the farm on a tenant basis. The present tenant is Charles Cox. The farm consists of 180 acres of upland, about half pasture and half cultivated, and the remaining 95 acres are in Apple creek bottoms, forming a part of the new Apple Creek Drainage District. The Upland is splendid for grain farming and pasturage, and the bottom will be of even greater value than the upland with the completion of the reclamation enterprise.

Marriage Was Surprise

The mariage of Cecile Bybee and Miss Hanks took place very unexpectedly last Friday evening in Carrollton, the ceremony being performed by Rev. Charles Ross, pastor of the Christian church at Carrollton. The groom comes from Mexico, Mo., having been located at Roodhouse a short time. It is said that he met his bride about two weeks before the marriage, and that the event came unexpectedly even to the parents of the bride, she being a daughter of Mr. and Mrs. Homer Hanks and she comes from a splendid family and is held in esteem and popularity. The bride has been connected with the Candy Kitchen since the opening of that institution last spring. They will locate at Mexico where the groom has a clerical position with the Western Union Telegraph Co.

A special session of the city council Saturday night resulted in ceding to the state that portion of the road leading north out of the city along the Crouse and Smith farm lands in order to make an approach to the subway for the new state road under the Burlington track. The contract for this road north from White Hall to the Scott county line thru Roodhouse has been awarded to Kesl and Son, the contractors who built the road north from the county seat. The council took no action on the municipal electric proposition, but did act to relieve the library of any obligation to pay rental on the new library building by assuming the entire expense of maintenance, including janitor service, light and fuel. This action is highly satisfactory to Mr. Griswold.

Annual Half Holiday

The annual Merchants' half holiday and clerks' base ball game has been set for Thursday, July 20th, and the gate receipts will go to the K. of P. band. In connection the annual fish fry of the First Baptist church will be held, and this combination of events promises to result in a successful day for all concerned. The fish fry had originally been set for July 4th, but was postponed in deference to the fish fry at Roodhouse for the benefit of the Rawlins Concert Band. This annual half holiday in White Hall is an old institution, and it is always devoted to the benefit to some worthy public purpose.

For a Vacation Without Mishap

Avoid Usual Discomforts· Return Entirely Fit

The real enjoyment, the great benefit of vacation, comes from the all-day life in the open, from the outdoor sports—fishing—swimming—base-ball—tennis—golf.

But unaccustomed exercise is apt to make the muscles sore, stiff and painful. Other spoil-sports are sunburn, insect bites and poison oak or poison ivy.

Vicks can be applied to *prevent* these discomforts and is also a soothing relief. It helps, too, in case of summer colds, hay fever or headache.

O. M. OLSEN, PRESIDENT

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.

Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

Three burner gas stove—white porcelain oven door; a neat stove and used less than a year. The new price of this stove is $28.00. Ours is $12.00

We have only one floor lamp left. This is equal to any $35.00 lamp in Jacksonville; mahogany stand, 24 inch silk shade with fringe, half price $17.50

A neat new dresser; fine workmanship and finish, fair size French mirror. $20.00 regular price $15.50

One new 2 inch post Vernis Martin bed, 1 inch fillers, slightly marred in shipping. Close out at $9.50

2 bin kitchen cabinet with small cupboard top at $5.00

Oak library table 26x42 inch top, new $17.00 value $8.75

Large used dresser, in good order, revarnished $12.75

Mahogany parlor suite, settee, 2 chairs and rocker $15.00

New oak Buffet—Just the kind you will find priced at $30.00 everywhere. Just one of these at $22.00

Iron beds for sleeping porches at ..... $3.00 to $5.00

2 burner "Boss Oil Stove" guaranteed like new, thoroughly cleaned, with new wicks, high back $8.50

Genuine "Congoleum" 9x12 rugs—New, first quality .. $14.50

JONES FUNERAL IS HELD AT MEREDOSIA

Well Known Resident is Laid to Rest in Oakland Cemetery—Mrs. John Beauchamp Visited In Jacksonville—Other Meredosia News.

MEREDOSIA, Ill., July 10—Funeral services for Charles W. Jones were held at the home of J. C. Kratz, Monday afternoon at 2:30. The deceased was the son of Otto and Minnie Jones. He was born at Moberly, Mo., Sept. 14, 1885 and passed away at Chandlerville, Ill., July 8, 1922 at the age of 36 years, 9 months and 24 days. At the age of one year he moved with his parents to Meredosia to reside. His mother preceded him in death when he was but two years old, after which he made his home with his grandparents, Mr. and Mrs. Wm. Harmel until their death. At the age of 14 years he went to Chandlerville to live with his uncle, Louis Harmel. A few years later he returned to Meredosia where he was employed in the store of Fred Eckoff and E. F. Geiss. He afterwards returned to Chandlerville where he was employed in the store of John I. Pendleton for the past six years until May 1st when he was appointed postmaster, which position he was filling at the time of his death. He had been in failing health for about ten years but had failed rapidly the past two years. He was of a quiet, lovable disposition always attending to the comforts of others, before thinking of himself. He was honorable and upright in all his dealings with his fellow men and was ever ready and willing to assist them at all times.

Deceased is survived by his aunt and uncle, Mr. and Mrs. J. C. Kratz and his uncle Louis Harmel of Meredosia, three cousins, Orin of Oquauka, Ill., and Aileen Moody of Petersburg, also an aunt and several cousins living at Cory, Pa., besides a number of other relatives. He was highly respected by a host of friends both in Chandlerville and Meredosia, who joined the relatives in mourning his departure.

Services were conducted by Rev. Heidenreich and music was furnished by a quartet composed of Hal Naylor, Mrs. C. G. Wegehoft, Mrs. J. L. McLain and L. A. Yeck, Mrs Hal Naylor at the piano.

Casket bearers were J. F. Brockhouse, C. P. Hedrick, F. J. Shannon, C. H. James, J. A. Shannon, W. G. Looman. Interment in Oakland cemetery.

Mrs John Beauchamp visited from Friday until Sunday with her father in Jacksonville.

Mrs. Gertrude Starks and daughter Mrs. Ed Schaefer were business visitors at Jacksonville Saturday.

Mrs. William Breeden of Beards town is spending a few days with her parents, Mr. and Mrs. Isard Hale.

C. P. Hedrick and wife, sons Eldrid and Eugene motored to Milton Sunday and spent the day with Mrs. Hedrick's parents, Eugene will remain for a longer stay.

C. J. Schmitt wife and daughter Fredericka motored to Arenzville Saturday evening.

The sad news of the death of George W. Weeks of Decatur was received here Monday. Mr. Weeks was a former resident of Meredosia.

Charles Winningham and wife had as their guests Saturday and Sunday, Mr. and Mrs. Lewis Hale and children, Mr. and Mrs. Harry Masterson and Miss Martha Saunders of Springfield and Mr. and Mrs. Charles Masterson of Decatur.

Mr. and Mrs. R. W. Freeland of Hammond, Ind., has announced the birth of the second son, Chas. Russell. Mrs. Freeland was formerly Miss Nettie Wegehoft of this place.

T. W. Burdick wife and daughter Anna Christine and J. A. Stearns, wife and daughter Irene drove down to Milton Sunday.

Gus Shoenie and family of near Arenzville were Sunday guests of Mrs. Alice Wade and Mrs. Ellen James.

Ed Wackerle, wife and daughter Marjorie were guests of A. E. Ritcher and wife Saturday and Sunday.

Mrs. D. Rogers and daughter from near Neelysville were shopping here Saturday.

Miss Alice Northrup of Bluffs spent Saturday and Sunday with her parents here.

Royal Kratz came over from Oquauka Saturday evening to attend the funeral of his cousin which was held here Monday.

Mr. and Mrs. Walter Meyers of Springfield are visiting this week with Paul Sieving and wife.

W. D. Meier and wife motored to Jacksonville Sunday afternoon and were accompanied home by Mrs. Fredericka Leonard and daughter Miss Elsie who had spent the past week in Springfield and met them at Jacksonville.

Mrs. Earl Allen spent Monday in Keokuk.

Charles Summers and wife, son Jack spent Sunday with Mr. and Mrs. L. H. Wegehoft in Beardstown.

Mrs. John Starks and daughter Lucile returned to their home in Burlington, Iowa Monday afternoon after a visit with friends here. They were accompanied home by Ruth Smith who will visit with them for a while.

W. E. Corya, at Beardstown, Ill.

The United States Railroad Labor Board, under authority of Federal Law, after full hearing to all partes at interest, has fixed present wages for mechanical crafts. Certain employes having declined to accept their decision, the Board has directed the railroad to reorganize its forces and has ordered that men who enter our service

"are within their rights in accepting such employment, that they are not strikebreakers seeking to impose the arbitrary will of an employer on employees; that they have the moral as well as the legal right to engage in such service of the American public to avoid interruption of indispensible railway transportation, and that they are entitled to the protection of every department and branch of the government, state and national."

Standard wages and overtime conditons will be paid; hours to be those necessary for maintenance of the service.

Board and lodging, under ample protection, will be furnished.

Young active men desiring to go into railroad service will be given an opportunity for training in steady desirable employment.

"There's No Place Like Colorado After All!"

Colorado is as big as all New England, with Indiana added; two thirds is mountainous—100,000 square miles contain 155 peaks that are more than 13,000 feet high. Within the state there are 500 lakes—large and small; 6,000 miles of running water, born of snow and filled with fish. Mineral springs abound—no one knows how many there are. Every railroad line is an excursion line. Motor highways radiate in all directions.

Obviously, in such a region, vacation possibilities are boundless. Colorado IS America's Grandest Mountain Playground.

Where to go? There are a thousand different places! When to go? Any time! This summer, when you're tuckered and seeking to escape from the heat and dust, get out under that magnificent cool blue Colorado sky. Get the tang of the mountain air and the spicy smell of pine in your nostrils. You will not have to ask anybody whether it was the right thing to do.

How to go? Oh, just climb aboard one of our luxurious limiteds. Don't think of Colorado as "Way off yonder"—it's right next door and the journey there is intensely interesting.

Vacation costs are down. This year your travel money goes much farther. Make 1922 memorable for its perfect vacation. Come in and see me about it.

Why Fuss With Pomeranians When Tigers Are More Chic?

How would you like a Royal Bengal tiger for a pet—the largest one in America, at that? Think of the sensation you could create on the boulevard with it pacing by your side. It's intriguing, is it not? It is not.

But Loraine Wallace, one of the scores of women wild animal trainers with the Al G. Barnes circus, coming to Jacksonville Friday, July 14th, has Rajah, mighty yellow and black striped jungle beauty, for a playmate, both in the middle steel girded arena of the big top and for romps in the padroom of the show. However, Lorraine raised Rajah, and they understand each other. Lorraine swears that Rajah hasn't the man-killer's instinct, but the rest of the two hundred trainers with the show, famous ones, too, think differently. They are just as anxious as the audience when Lorraine wrestles the huge creature—a thriller she does immediately after working an act in which twenty Bengal giants obey her slightest wishes.

WABASH LAYS OFF PASSENGER TRAINS

Eight Ceased to Function After Midnight Last Night—Pittsfield Will be Almost Isolated.

Eight passenger trains ceased to function at midnight last night because of strike conditons. The trains will not affect Jacksonville people in leaving and entering the city except when they wish to travel over the branch lines which are affected. The principal reason for the discontinuation of these trains is the shortage of coal, even more than the striking shopmen.

The eight trains which are taken off are numbers 4-9 of the Bluffs to Keokuk line, which will leave but one train each day for connection over that line. Also numbers 38 and 39 of the Pittsfield branch have been removed, which formerly provided connection between the main line at Maysville and Pittsfield and numbers 50, 51, 33 and 34, trains which ran between Clayton and Hannibal.

Altho the trains that were removed do not pass thru Jacksonville, they have a large part in the railway connections with this city and nearly all points west that are not exactly on the main route to Hannibal.

The C. B. & Q. railroad announces that as yet all trains will continue on the regular schedule and all local freights will continue as usual. The Chicago & Alton road has announced that trains will still continue to run until further notice altho they are having a hard time getting them thru on schedule time. Several of the Alton trains have already arrived several hours late because of poor connections with other connecting branches. It may soon prove necessary to discontinue some of them temporarily.

BACK FROM QUIVER BEACH

H. A. Breeden and family have returned from a pleasant outing at Quiver Beach. Mr. Breeden said there were 49 people from Chicago and vicinity and he asked one why they left all the attractions of the great city to come to Quiver Beach. The man said one of the party had married a Miss Reeve of this vicinity and another a lady at Bloomington. Then too, he said, they wanted to get away from the noise and bustle of the great metropolis and be where it was quiet and they succeeded and were having a fine time.

POULTRY JUDGING

D. T. Heimlich has returned from Sangamon county where he visited the Leland farm and had the pleasure of listening to addresses and practical demonstrations in poultry culling by Prof. Card of the state university. Something like a dozen farm advisors were present and the occasion was one of pleasure and profit to all of them.

HOWITZER COMPANY HAS RECEIVED COTS

Men Will Now Be Able to Rest Better Than On Armory Floor —Personnel of Company.

Quick service was demonstrated yesterday morning at the Howitzer Company, when Captain Wesley James telephoned Springfield at 9:30 for cots and received them on the noon train. The men now mobilized will no longer be forced to sleep on the floor but will have the advantages of regular army cots, and report that they spent a far more comfortable night last night than before. Strenuous drill has been the program and has kept the men all in perfect physical condition. Forty two of the Howitzer company have reported for duty. They are:

Capt., Wesley R. James; First Lieut., William H. Peters; First Sergeant, Frank S. Maddox; Mess Sergeant, Frank A. Walters; Corp. William G. Flynn, Donald Williamson, Clarence Templin, Geo. G. Withy, James R. Westrope; Musician, Lester L. Cox; Private First class, James A. Bancroft, Earnest Bray, Joseph Correa, Arthur Eskew, George Evers, Richard Gelhoff, Ellis Harbour, Chas. Hoagland, Robert La Rue, Dwight Ellis; Privates, Clyde Baker, Albert Bray, Noel Boston, Marshall Barber, Lester Cornick, Joseph Cruzon, Herbert Dodsworth, Gabriel Fitzgerald, Earle Hale, Chester Hall, Oliver Hamilton, Leland Henderson, Fred Kearns, Marshall King, Joy LaRue, Gerald Mann, John Martin, Ralph Mitchell, John M. Roach, John Stigall, Charles Virgin, Joseph Whalen, W. T. Portzline.

GO TO CALIFORNIA

Glenn Cannon and family of East State street will leave today for California where they will spend the remainder of the summer. They will be accompanied by Miss Ruth Wilkinson.

Rev. O. W. Lowe and family helped represent Chapin in the city yesterday.

U. B. Fox was down to the city from Sinclair yesterday.

JESS HAINES WINS EIGHTH FOR CARDS

Shuts Out Phillies by Score of 3 to 0—Only Allows Two Hits During the Pastime.

ST. LOUIS, July 11—Jess Haines pitched the Cardinals to their eighth successive victory here today when he shut out the Phillies, 3 to 0 allowing only two hits. One of the the safeties off Haines was an infield tap by Fletcher in the fifth. The other was a double off Rapp's bat in the sixth. Gainer and Ainsmith batted in the runs scored off southpaw Weinert.

Score:

Philadelphia	AB	R	H	O	A	E
Rapp, 3b	2	0	1	0	1	0

Oleson, Ehmke, Stoner and Jackson, Bassler, Woodall and Manion; Heimach, Sullivan, Yarrison and Rommel, Perkins.

REDS TAKE FIRST FROM THE DODGERS

Cincinnati, July 11.—The Reds won the opening game of the series with Brooklyn today, 6 to 4, and went into the first division in the league race. Ruether was hit hard at times, the longest blow off his delivery coming in the eighth inning, when Pinelli drove to left center for a home run, driving in two men ahead of him. Luque pitched cleverly until the ninth when a dangerous rush of the visitors was checked by a fine catch of Olson's long liner by Duncan. The score:

Club—	R	H	E
Brooklyn ...001 001 002-4	7	2	
Cincinnati ...001 002 03x-6	8	2	

Ruether and Deberry; Luque and Harggrave.

W. R. Johnson of Winchester was here on business yesterday.

GOLF TOURNAMENT PLAYED IN HEAVY RAINS YESTERDAY

Low Scores Result When Playing Qualifying Rounds

SKOKIE COUNTRY CLUB, Glencoe, Ill., July 11—Facing playing conditions which at times helped and at others hindered their work, more than 100 of the 325 entrants in the national open golf tournament today struggled thru a 36 hole qualifying round which sent about three fourths of the starters into the discard and produced golf which, figuratively, was much like the weather—full of clouds one minute and sparkling with sunshine the next. Only 24 won their way into the finals.

Walter Hagen, of Detroit, who has held almost every professional title in the world, led the field with a score of 141. John Farrell, Quaker Ridge, N. Y., professional had the low round with a 68. One fourth of the qualifiers were amateurs, with Eddie Held, 19 year old St. Louis wonder, low among the non-pros with 147 and eighth among all. It took a total of 152 to qualify. George Duncan the famous English professional blew up on his final nine and barely qualified. These were the high spots of a day of golf thrills some of which were produced in a driving rain and all of which were on a course so soaked that the putting greens were like sponges.

Twenty seven qualified yesterday, due to ties, making a total of 51 for the two days. The final group will go out tomorrow, the low 24 and ties getting into the finals Thursday and Friday.

Standing out in today's play above every thing else, so far as an individual was concerned, was the work of Walter Hagen, whose one over par for 36 holes was a game which for a time threatened to get into the class of Jock Hutchinson's 135 score of yesterday. Collectively, the amateurs were the ones who really stood out, for the non-professional entrants in today's field produced golf which would have done credit to any equal number of professionals.

Bobby Jones did some great playing and but for indifferent work in the afternoon which angered him so that he frequently slammed his club on the ground might have finished even nearer the top. Eddie Held's work was, of course, really wonderful, while Jesse Guilford shot golf of the type that brought him his title at St. Louis last year.

On the other hand, George Duncan, famed the world over, blew up and it was doubtful for some time whether he would get in.

Duncan, after a beautiful birdie three on the third hole thru a twenty foot putt, went to pieces on the fifth, taking a seven when he putted all over the green.

After turning the first nine in 37 and the first 18 in 75, he began to lose his putting ability His total of 151 pulled him under the wire with a stroke to spare, however.

Hagen's game was the steady type that recently won him the British open championship. Frequently he used a mashie on the green for long approaches putts and he said afterwards that he believed this saved him several strokes.

One of his best shots was on the 16th when he was in a puddle of water in a trap on his drive, but pitched to the green for a four. Hagen's game as a whole toady was one where pars came easily and generally he was trying the hard shots for birdies.

Bobby Jones had much the same type of game in the morning round.

In the first afternoon round that temperment of his, which experts say helped keep him from winning titles when he was in his teens, cropped out just a little.

Frequently he brought cheers with long wooden shots and well placed irons, and at no time was his work really bad. He just wasn't quite keen, to quote the British players, in his first afternoon round.

Eddie Held did not make any shots that were spectacular, but nearly every one of his strokes was on the border of brilliancy. He placed long drives beautifully, sent midiron and mashies straight to the green and putted with precision.

Fred Wright also shot a steady game, as did John G. Anderson, and Frank Godchaux, Jr., might have had a par score had he not found trouble with putting.

John Farrell's 68 was easily the low round of the day and his 76 in the morning put him in second position for the entire day. Accurate tee and fairway shots were the secret of his low card.

Frank Sprogrell, the Memphis professional, and John Black, each shot par seventies in the first round, but each found putting hard on the second round. Leo Diegel, who looked like the low qualifier for the 27 holes, being only a stroke or two over par, failed to putt on the final nine and dropped back.

Of the 24 men to qualify, 14 had scores under 150.

The weather mas has promised to keep the faucets turned off for the rest of the tournaments, and if he keeps his promise, the course will be in absolutely perfect condition.

Among the well known golfers to compete tomorrow are Willie Hunter, former British amateur champion; Harrison R. Johnston of St. Paul, amateur champion of Minnesota; Alec Armour, Scottish amateur champion; Emmett French, of Youngstown, O. captain of the American team which went to England last year; Pat O'Hara, of Richmond county, Virginia and Freddie Mc Leod, of Washington, D. C.

OUTING AT MATANZAS

A. J. McCarty and family of East College avenue, accompanied by Misses Mary Bayliss and Edith Keller, will leave soon for Matanzas where they will spend some time. They will occupy West View Cottage.

BRAVES COME OUT OF LOSING SLUMP

Pittsburgh, July 11.—The Boston Braves came out of their losing slump today when they defeated Pittsburgh 10 to 4. The visitors staged a batting rally in the sixth inning and drove Morrison from the box. The Braves continued their hitting against Hamilton, scoring 7 runs on 8 hits in this one inning. McQuillan was hit hard but was never in danger after the sixth inning. The Score:

Club—	R	H	E
Boston 000 027 001-10	17	1	
Pittsburgh .000 211 000- 4	10	2

HOME FOR VACATION

Miss Gertrude B. Sorrells of Sante Fe, New Mexico and Miss Bessie M. Sorrells of Boulder, Montana arrived home to spend their summer vacation. On their journey home they stopped at Yellowstone park, Salt Lake City, Colorado Springs, Denver and visited at Topeka, Kansas with their aunt, Mrs. I. H. Baker for the past three weeks during their visit in Topeka. They were pleasantly entertained by Mr. and Mrs. S. Teft Walker former superintendent of the Deaf Institute of this city but now superintendent of the Orphans and Old ePoples Home of Security Benefit Association.

MURRAYVILLE LOST GAME TO VIRDEN

Visitors Hit Ball Hard and Field Well—Kitner Leaves Rubber in Third Inning.

Murrayville, July 11—Murrayville lost the game to Virden here Sunday by a score of 10 to 5. Kitner the Murrayville pitcher left the rubber in the third inning and the locals were without a pitcher.

In addition to this the Murrayville team fielded loosely, making a total of niine errors. On the other hand Virden fielded brilliantly, the infield putting thru four double plays that killed Murrayvilee runs.

Scott's fielding, the hitting of Brown and a catch of a high fly by Burkery were the features of the game.

Despite the fact that Murrayville has lost the last two games the men are not discouraged and expect to strike their stride soon. Big John Wright is in Nebraska and when he returns Murrayville will again be ready to step out with the best of them.

The score:

Murrayville	AB	R	H	O	A	E
Denney, 3b	4	0	0	3	3	2
Wright, rf	4	0	1	0	0	1

Distribution Service and Agriculture

OVER 10 great agricultural states of the Middle West, the far-flung distribution system of the Standard Oil Company (Indiana) is rendering an essential service to 30 million people.

The immense value of this service may be visualized when it is known that more than one-half of the farms in the states served are equipped with automobiles. The Census Bureau report on this point is as follows:

Indiana	46.4%
Illinois	53.0%
Michigan	40.2%
Wisconsin	49.6%
Minnesota	57.1%
Iowa	73.1%
Missouri	31.0%
North Dakota	56.7%
South Dakota	69.4%
Kansas	62.0%
Average	53.8%
Average for U. S.	30.7%

In other words, the need for gasoline and lubricants, in percentage per farm, in the states served by the Standard Oil Company (Indiana) is nearly twice that of the United States as a whole.

On the farm, petroleum products are an absolute necessity. The farmer is preoccupied with his task—the mighty task of raising food for the world. He must have petroleum products when and where he needs them.

The Standard Oil Company (Indiana) is prepared to give a dependable, always-on-the-job service which the exigencies of farming demand. 6600 tank wagons are in operation this summer of 1922. These tank wagons make deliveries to the farmer's door. When necessary they serve him in the field—at his work. They reach him at dependable intervals and serve him with dependable products. Only a vast, centrally administered organization could render this effective type of service.

DEALINGS BROADER ON STOCK EXCHANGE

By Associated Press.

NEW YORK, July 11.—The more confident tone of today's listless stock market was accepted as a measure of the financial community's optimism or belief in an early subsidence of disturbing domestic and international conditions.

In volume the trading paralleled that of the previous day, but dealings were broader. Many substantial advances were scored, altho these with few exceptions, iwere limt tde oselucp favored by professional interests. Encouragement was expressed at the refusal of the signal men to join the ranks of the railroad strikers and the irregular if somewhat moderate recovery of foreign exchanges followed reassuring advices respecting the German situation.

Call loans opened at 4 per cent. The rate eased to 3½ per cent in the final, when private offerings were made a shade under that figure.

Market leaders included Studebaker, which made a new high for the year. General Asphalt common and preferred, Mexican Petrleu, several f the steels, with U. S. Steel aagin at par at a few utilities and miscellaneous issues.

Changes among rails of the more representative class were limited to one point and these were partly cancelled at the end. Fod secialties were featured by corn products at a 2 point gain. Improved trade conditions were given as the reason for the strength of leathers. Sales amounted to 565,000 shares.

British exchange was the only backward feature in the day's international remittances, demand sterling easing to 4.43 before the close of the market.

The feature of today's bond market was the firmer tone of international flotations, both the French and Belgian government loans recovering a considerable part of yesterday's losses.

Liberties finished at nominal gains and losses.

Total bond sales (par value) aggregated $11,273,000.

The New York Central Railroad company's new $25,000,000 five per cent refunding bonds, over-subscribed almost at the opening of the subscription books were quoted at a slight premium on the "curb."

Other new underwritings of the day were readily absorbed.

Peoria Livestock Market

By Associated Press.

Peoria, July 11.—Hogs—Receipts 1,200; steady to 5c higher, top $10.90; lights $10.50@$10.90; mediums $10.45@$10.85; heavies $10$10.60; packers $8.45@$9.50.

CASH GRAIN REPORT

By Associated Press.

CHICAGO, July 11.—Wheat in the cash market today closed 2½ and 3c higher with the trading basis ½c better for contract and unchanged for all other grades. No shipping sales were reported hehe up to the close. The seaboard however, estimated that 200,000 to 300,000 bushels had been worked for export. Vessel room was chartered here for 110,000 bushels to Buffalo.

Cash corn was in good demand, and prices were 1 and 1½c higher as compared with the previous close. The trading basis was 6 and ½c better. Shipping sales here were 370,000 bushels, partly to exporters. Vessel room was chartered for 260,000 bushels of corn to Georgian Bay. Bids on cash grain to arrve were ½c better for Number 2 and No. 3 grades of mxed, yellow and white, shipment by Sept. 30.

Oats were ½ and 1c higher at the close with the trading basis fully ½c higher. Demand was good and domestic sales here were 215,000 bushels. Vessel room was chartered here for 1,000 bushels to Buffalo.

Car lot receipts: Wheat, 98; Corn, 160; Oats, 73.

Oats—July 37c; Sept. 37½c.

UPWARD TURN IN PRICE OF WHEAT

By Associated Press.

CHICAGO, July 11.—Reports of railroad embargoes against country loading of grain had much to do with sending wheat upward in price today and so likewise did reports of wet weather delay the harvesting. The wheat market closed firm, 2⅜ to 3½c net higher, with Sept. $1.14½ to $1.14¾ and December $1.16⅜ to $1.16½. Corn gained ⅞c @ 1c to 1¼c, oats ½c to 1c and provisions 27c to 32c.

July delivery led the advance in the wheat market, shorts in that delivery showing particular anxiety let embargoes would render difficult the filling of contracts for supplies in Chicago this month. Continued heavy rains interferring with threshers appeared to intensify this anxiety and buying her was further stimulated as a result of Minneapolis messages telling of an urgent eastern demand for wheat for quick shipment. Country acceptances on bids for wheat to arrive here was practically zero, and receipts here were below last year's figures.

With the government crop report construed as bullish, foreign exchange rates improved, and liverpool wheat quotations showing a sharp rise, talk of slowness of export business failed to check the upward swing of the market and traders ignored all assertions that English buyers were cancelling purchases. Besides favorable crop advices from the spring wheat territory were given but beager attention. Buying at the last was of a character which suggested that big shorts were covering.

Corn and oats ascended in value with wheat, notwithstanding further rains benefiting the corn crop.

Provisions reflected higher quotations on hogs.

SPECIAL TAX NOTICE

Notice is hereby given to all persons interested that the City Council of the City of Jacksonville, Illinois, having ordered that a local improvement, consisting of a street pavement, be constructed on East State Street in said City from the east line of the Chicago & Alton right of way, running thence east along said street to the intersection of the east line of Johnson Street with said East State Street, which said pavement shall be constructed in accordance with the plans, plats, and profiles on file in the office of the City Clerk of said city, and whch said improvement shall consist of a sheet asphalt pavement with a combined concrete curb and gutter on each side of said asphalt pavement, and said asphalt pavement shall be constructed in the following manner; the surface of the street shall be brought to grade eight inches below the surface of the finished pavement when completed by excavating or filling as the case may be. Upon this sub-base there shall be placed a layer of concrete five inches in thickness. Upon the concrete base there shall be placed a binder course one inch in thickness composed of coarse aggregate, sand and asphaltic cement, and upon the binder course shall be laid a wearing course two inches in thickness composed of refined lake asphalt, heavy petroleum oil, clean sharp sand, and fine powdered carbonate of lime, with a coat of hydraulic cement, which said improvement shall also include necessary concrete headers and resetting of storm water inlets; all of which is further shown and more particularly described in the plans, profiles and specifications for said work on file in the office of the City Clerk of said city, to which reference is hereby made, the ordinance for the same being on file in the office of the City Clerk of said city, and also made a part of the petition in this proceeding, and said City of Jacksonville, Illinois, having applied to the County Court of Morgan County, Illinois, for an assessment of the cost of said improvement, as directed in said ordinance, said assessment being payable in ten installments, each bearing interest at the rate of six per cent per annum, and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 26th day of July, A. D. 1922, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said court before said day, and may appear at the hearing and make their defense.

Dated at Jacksonville, Illinois, June 30, 1922.

MARCUS A. HULETT,
Appointed to Make Said Assessment.

Miss Mona O'Donnell has returned to Springfield after a visit with her brother, L. F. O'Donnell and family of this city.

Oliver Lindsay was down to the city from Literberry yesterday.
